ACKNOWLEDGEMENTS

I express my sincere and profound gratitude to my Research supervisor Prof. T.V. Ramakrishna Rao, Professor of Physics, DEAN, Faculty of Physical Science, Sri Krishnadevaraya University, Anantapur for permitting me to take up research work under his able supervision. His keen interest, constant encouragement and able guidance is responsible for the present shape of the thesis.

I take this opportunity to thank Dr. R. Ramakrishna Reddy, Associate Professor in Physics, S.K. University, Anantapur for his kind cooperation and constant encouragement. I am thankful to Prof. K. V. Sivakumar, Chairman, Board of Studies, Prof. D. V. Subbaiah, Head, Department of Physics, S.K. University and all other faculty members of physics for their valuable help and cooperation.

I am thankful to Dr. K. Rama Gopal, Research Associate and Dr. Y. Nazeer Ahmed, Research Scientist, Department of Physics, S. K. University, Anantapur for their kind help in final printing and submission of thesis. I am beholden to Mr. S. Venkata Swamy, Technical Assistant ISRO ASPE Project for his technical help.

I feel it a privilege and it gives me immense pleasure to express my sincere thanks to Prof. J. Lakshmana Rao, Professor of Physics, Vice–Principal, Sri Venkateswara University, Tirupati for his continuous help in carrying out EPR spectral investigations under his able guidance, constant encouragement, valuable criticism and erudite suggestions during discussions and affectionate help, without which this thesis would not have taken this form.

I owe my deep indebtedness to Dr. K.V. Narasimhulu, Research Associate, Dept. of Physics, Sri Venkateswara University, Tirupati presently working as Post Doctoral Fellow at National Taiwan University, Taiwan, for his timely help, useful
discussions, continuous cooperation throughout the progress of the work and its successful completion.

I am greatly thankful to Mr. N.O. Gopal for all the help and affectionate cooperation rendered by him during my stay in the laboratory.

I am thankful to Mr. P. Giriprakash, Ch. Linga Raju, V. Ramesh Kumar, B. Deva Prasad Raju and G. Sivaramaiah, Research Scholars, Spectroscopy Laboratories, Department of Physics, Sri Venkateswara University, Tirupati for their help and cooperation during my stay in the laboratory.

The author's thanks are due to Mr. D. Ponraj, Scientist, Health and safety division, IGCAR, Kalpakkam for his help in irradiating the samples. The author wishes to express her special note of appreciation to Mr. K. Gopalaiah, Research Scholar, Organic Chemistry division, IISc, Bangalore for helping in recording IR spectra of the samples.

I take this opportunity to thank Mrs. G. Padmavathamma, my colleague and lecturer in Botany, Silver Jubilee Govt. Degree College, Kurnool for her kind help in knowing the classification of vegetables and leafy vegetables.

My special thanks are due to my parents for their constant encouragement, kind cooperation and without whose prayers, I would not have scaled this position.

I convey my hearty thanks to my husband, my son, sisters-in-law, Parents-in-law and all the members of my family who have been giving constant encouragement and support throughout the progress of this work.

I am grateful to Sri. C. Mohan Rao, Principal, Silver Jubilee Govt Degree College, Kurnool and to my colleagues for their help and encouragement.
Finally I oblige to the authorities Prof. Iqhbal Ahamed, Vice-Chancellor and Prof. N. Manohara Murthy, Principal, Sri Krishnadevaraya University, Anantapur for providing me an opportunity and necessary facilities for carrying out this research work.

Last but not the least, I convey my heartfelt thanks to those who helped me directly or indirectly in this scientific endeavour.

C.P.LAKSHMI PRASUNA
