ACKNOWLEDGEMENTS

With immense pleasure, I wish to express my deepest gratitude to my beloved teacher and research supervisor, Prof. BONTHA RAJASEKHAR REDDY for his excellent supervision and for providing me with a challenging and interesting project to develop my own investigation and analytical skills. I am also indebted to him for his helpful discussions and constructive criticism and showing me how to analyze and compare my work.

Words are insufficient to express my affectionate gratitude to my parents for their ever-lasting love, encouragement and support. I express my deep sense of love for my caring parents Sri. B. Kullayappa and Smt. B. Shanthamma without whose prayers and blessings my quest would have remained unfulfilled.

I am very grateful to Prof. K. Venkateswarlu, Chairman, BOS, Prof. R. Ramanjeneyulu, Prof. V. Rangaswamy, Prof. P.B.B.N. Charyulu and Prof. B. Venkatappa for their co-operation and constant encouragement.

I gratefully acknowledge the award of Junior and Senior Research Fellowships by the University Grants Commission, New Delhi.

I also wish to express my gratitude to Prof. T. Pullaiah, Principal, Sri Krishnadevaraya University, for his encouragement and for allowing me to contribute a chapter in ‘Biodiversity of India’ IV volume.

I also wish to express my gratitude to Prof. M.A. Singaracharya, Department of Microbiology, Kakatiya University for providing me with the fungal isolates.

I am also very grateful to Prof. Akthar, Department of statistics for his kind help to analyze my data in statistical manner.

A special word of thanks to my colleagues Dr. G.V.A.K. Babu, Dr. G. Narasimha, Dr. A. Sridevi and my co-scholars Subhash, Narahari, Pallavi, Praveen for their nice company during the course of my research work.
