Acknowledgement

At the very outset, I would like to express my deep sense of gratitude and heartfelt thanks to my guides Dr. (Mrs.) Renu Debi, Ex. Head of the Department of Education, Gauhati University and Dr. B.P. Chetiya, Professor of Mathematics, Gauhati University, for their most sincere and able guidance which inspired and enabled me to carry out the investigation and complete it in time.

Insist of immense academic and social engagement in India and abroad, Dr. Mrs. Debi is always ready to welcome her students.

Inspite of tight schedule with heavy duty of teaching in the University classes and academic engagement, Dr. B.P. Chetiya, not only gave me benefit of his thorough supervision but also helped and inspired me by showing keen interest in the progress of my work at all stages.

I am also thankful to the college authority of Handique Girls’ College, Guwahati, especially to Dr. Gagan Chandra Barua, Principal, for his sincere co-operation and valuable suggestion in each and every stage of my project work.

I appreciate all possible co-operation extended to me by the heads of the Institutions, teachers and students of the Assamese Medium Secondary and Higher Secondary Schools of greater Guwahati, where the study was undertaken.

I am also grateful to the University Grants Commission (U.G.C.) for rendering financial assistance for the project (under minor Research Project).

I also want to thank the authorities concerned with the following libraries:

1. John Hopkins Library, University of Tennessee, Knoxville USA
2. British Library, Calcutta
3. K.K. Handique Library, Gauhati University
4. National Council of Educational Research and Training (NCERT), Library, Guwahati,
6. Handique Girls College Library, Guwahati

I thank all my friends, well wishers and colleagues, particularly Dr. D.K. Datta, Dept. of Mathematics, University of Rhode Island, Mrs. Pranita Barua, Dr. Mrs Renu Goswami and Md. Jesim Hazarika who helped me in one way or other during my project.

Lastly I must mention that this project would not be possible without the support, cooperation and encouragement of my family members, my husband Prof. (Sjt.) B.K. Chaudhury, my son-in law Sri P.K. Das, my daughter Smt. Runjun Das and my daughter-in-law Smt. Kakoli Chaudhury who has helped in computer support and graphics for the thesis along with my son Sri M.K. Chaudhury who has composed and printed this report.
