ACKNOWLEDGEMENT

At the outset I would like to express my deep sense of gratitude to Dr. M.M. Das, Department of Geography, G.U. for guiding and supervising my work. It is for him only that the thesis could have been completed because of his constant help, encouragement and thorough correction of the manuscript.

I am obliged to thank Prof. N.N. Phatnacharyya, Prof. M. Taher, Dr. D.C. Goswami, Dr. (Mrs.) L. Dutta, Dr. R. Barman, Dr. A.K. Bhagabati, Dr. A.K. Born of the Geography Department, G.U. for their valuable suggestions and inspiration. I am grateful to Dr. K.K. Barman of the Economics Department, G.U. for his kind advice and encouragement during my work. I also express my thanks to my friend R. Mahanty, A.C.S., the then S.D.O. of Chhayguron Circle who made me available valuable data for my research work.

I must not fail to thank the personnel of the H.L. Handique Library of G.U. and the Head of the Department of Geography for allowing me to use the Seminar Library of his Department. I express my sense of gratitude to the personnel of the Revenue Department, Hydrological Departmen
Department of Economics and Statistics, Meteorological Department, Irrigation Department, Directorate of Animal Husbandry and Veterinary, Soil Conservation Department, Department of Forest and Department of Agriculture for providing me valuable data relevant to my research work.

Further, I am thankful to the Principal i/c U. Kumar, Chhaygaon College and my colleagues Mrs. Anima Choudhury, D. Singh, M. Bora, A. Goswami and others for their goodwill and encouragement.

My thanks are due to D. Medhi, D. Das, J. Kalita and Dimbeswar Medhi, the then students of B.P. Chaliha College, Nagarbera, and A. Ali and B. Das, the students of Chhaygaon College, Chhaygaon for their help in the field work.

I am also grateful to the village headmen and peasants of the surveyed villages who helped me in the field study.

I am indebted to the authors of the books, articles and publications which are included as references in my study.

I am also grateful to my parents who taught me to love cultivation since my childhood. I am thankful to my friend S. Hazarika, F. Ahmed, K. Das and D. Das for their encouragement to complete the work.
I am glad to express my gratefulness to my respected baldeu Mrs. Anupama Das for her constant advice and encouraging words.

Further, I thank Shri Kalicharan Das for typing the thesis and also other members of the office of the Geography Department, G.U. for their help and co-operation during the course of my work. Special thanks are due to Shri U.N. Roychoudhury for the Cartographic works.

Last but not the least, I like to thank my wife Mrs. Sabita Das for inspiring me to complete the work. Efforts have been made to make the thesis as comprehensive as possible. However, there may remain some shortcomings for which I bear full responsibility.
