ACKNOWLEDGMENT

At the outset, I express my deep sense of gratitude and indebtedness to Dr. C. L. Boissya, retired prof. and head of the department of Botany, Gauhati university for his sincere guidance, constant encouragements, helpful suggestions and most generous attitude through out the period of this investigation.

I am greatful to Dr S. Borthakur, Head of the department of Botany, Gauhati University. I am extreamly greatful to Sri M. Deka Baruah D. E.(B.S.N. L.) and Sri Mukul Nath (Dudhnoi) for their valuable help during this research.

I also thanks all the staff of the Botany department, G. U. for their co-operation during the course of this research.

I record my greatfulness to the University grants commission (North Eastern Region) for granting me a Teacher-fellowship to carry out this research. I am thankful to Mr. N. Hazarika (B. R. P. L.) for extending his help during the investigation.

I acknowledge the encouragements given to me by Dr G. Phukan Principal, Dudhnoi College, for granting me necessary leave to enable me to undertake this research. I am indebted
to Mrs. Sewalee Boissya, Juli, Pinki and Boonboon for sparing some of their valuable time with me during the course of my research.

My sincere thanks goes to my daughter Glebia (Majoni) and Gloria (Maina) for their invaluable help.

I fondly remember and acknowledge the co-operation rendered by Sri Prakash Rabha and Sri Sashi Mahan Sontoki during my field trips.

Last but not the least, I wish to keep on record the initiative taken and sincere support extended by my husband, Mr Bishnujyoti Baruah and my daughters for their constant inspirations and sacrifice.
