ACKNOWLEDGEMENT

I wish to pay my tributes of esteem to a number of persons without whose constant encouragement, kind advice, help and cooperation it would not have been possible on my part to complete this work in the way I have done.

First of all I express my profound regards and deep sense of gratitude to my guide Professor (Dr) Bapukan Choudhury, Department of Anthropology, Gauhati University for his studied guidance as is wont with him, unfailing encouragement and requisite assistance. Words are a poorer substitute for what I actually owe to him as a disciplined student. I have nothing but regards for this caring supervision of mine.

I wish to pay my homage to the sacred memory of the late lamented Dr (Ms) Renuka Das. She helped me in my initial efforts at research investigations.

Next, I have to thank Professor (Dr) B.M. Das, who had no hesitation in helping me in my initial efforts at research. I wish to offer my heartfelt gratitude to this respected teacher.
