ACKNOWLEDGEMENT

I express my deep sense of gratitude and sincere thanks to my supervising teachers Prof. (Dr.) Sabu Thomas, School of Chemical Sciences, Mahatma Gandhi University, Kottayam, Dr. Zachariah Oommen, Department of Chemistry, CMS College, Kottayam and Dr. Peter Koshy, Regional Research Laboratory, Thiruvananthapuram for their inspiring guidance, encouragement and help throughout my research work.

I am extremely thankful to Prof. (Dr.) M. Padmanabhan, Director, School of Chemical Sciences, Mahatma Gandhi University for permitting me to utilize the library and laboratory facilities of the institute and for the help and encouragement throughout this work. I express my gratitude to staff, Electron Microscopy and Instrumentation, Regional Research Laboratory, Thiruvananthapuram. My sincere thanks are also to Prof. C.A. Abraham and Prof. Korulla Issac, the former and present Principals of C.M.S College, who gave me inestimable encouragement to pursue the research work. I have also received much help from the non-teaching staff of C.M.S College, among them I mention Mrs. Alice.

I gratefully acknowledge the valuable help extended to me by Dr. M.S.Sreekala, JSPS Fellow, Yamaguchi University, Japan, for her various suggestions, help and encouragement during the work. I remember the help and encouragement received from Dr. Siby Varghese, Rubber Research Institute of India, Dr. Kuruvilla Joseph, Post Graduate Department of Chemistry, S.B. College, Changanaserry and Dr. L. A. Pothen, Lecturer, Bishop Moore College, Mavelikara.
I gratefully acknowledge the help received from Dr. L. Godfrey and Santhosh of School of Pure and Applied Physics, Mahatma Gandhi University for providing facility and help during electrical property measurements.

I am also thankful to CSIR, New Delhi for providing senior research fellowship.

May I express my sincere thanks to each and every member of Polymer Technology Laboratory, School of Chemical Sciences, Mahatma Gandhi University for their help and constant encouragement throughout the course of this investigation. My special thanks to my friends; Rani, Sobha, Maya, Seno, Bejoy, Selvin, Biju, Anilsir, Sreekumar, Aju, Molyteacher, Mariesteacher, Jacob, Indose, Jesmy and Meera. I acknowledge my senior research fellows, Dr. Abi and Dr. Asha for their support for doing this work. I express my sincere thanks to Bijumon, Shijo, Jayamol and Sholly for their help during my research programme. I am also thankful to all other research scholars of School of Chemical Sciences; in particular I mention Anabha and Rejitha for their valuable help and encouragement during this work. I am also thankful to all others at School of Chemical Sciences for their support and encouragement during the Ph. D programme.

I gratefully remember the moral support, prayers, inspiration and encouragement received from my beloved parents, my brothers Jojo and Tojo, my sister Sayee, brother-in-law Rejee and especially my husband Joji.

Last and never the least I remember the Almighty God, who enlighten me with wisdom, courage and the power for all the success in my life.
