LIST OF TABLES

1. Average monthly and yearly temperature, rainfall and humidity at Agartala 10
2. Monthly and yearly record of rainfall at Khowai Station 12
3. Average monthly and yearly rainfall at Khowai 13
4. Geomorphological Quaternary Geological succession in the Khowai Basin, West Tripura District, Tripura 66
5. Generalised geological succession in Tripura 73
6. Salient variations in the characteristics of Kalyanpur Formation and Teliamura Formation 90
7. List of $^{14}$C dates of Quaternary Formations in parts of West Tripura District, Tripura 103
8. Inventory of tool types at Agricultural (Farm) site, Teliamura 111
9. Inventory of tool types at Kolaghar site 113
10. Inventory of tool types at Sonai Bazar site 114
11. Inventory of tool types at Sonai Gang (Bed) site 114
12. Inventory of tool types at Sonai Bazar (Tilla) site 115
13. Inventory of tool types at Bairagipara (Tilla) site 116
14. Inventory of tool types at Sonai Gang (Scarp) site 119
15. Inventory of tool types at Sonai Bazar (Quarry) site 120
16. Inventory of tool types at Sonaram (Tilla) site 121
17. Inventory of tool types at Champaknagar site 122
18. Inventory of tool types at Masrahipara site 123

(viii)
19. Inventory of tool types at Mantola Colony site 123
20. Inventory of tool types at Jamjuri site 124
21. Inventory of tool types at Sekerkot site 124
22. Master Table showing site-wise distribution of types of artifacts in Tripura 126
23. Relative frequency of heavy tool types 140
24. Relative frequency of flake-tool types 144
25. Relative frequency of types of awls 145
26. Relative frequency of types of borers 146
27. Relative frequency of types of scrapers 147
28. Relative frequency of types of knives 149
29. Relative frequency of types of points 151
30. Relative frequency of types of blades 152
31. Relative frequency of various types of Palaeolithic tools 153
32. Record of $^{14}$C dates for Quaternary formations in Northeastern states of India 166
33. Tentative correlation of Quaternary succession and events associated prehistoric cultures in Southern and Eastern Asia 176
34. Relative frequency of handadzes and chopping-tools in different Palaeolithic sites of Tripura 183
35. Site-wise distribution of Neolithic implements 198
36. Chrono-cultural succession of Prehistoric Tripura 217
