A WORD OF GRATITUDE

Words would rather fail to express my feelings of deep and perennial gratitude, indebtedness and reverence for my learned and esteemed guide Dr. Rupa Das Borbora, HoD, Education, Cotton College. Madam has always been a source of encouragement, inspiration and gave me valuable suggestions at every step in the completion of the thesis. She is a icon of determination and hard work especially when I was surrounded by difficult circumstances. Madam showed me the path to success. Her dynamism, cordiality and interest were the main driving forces to bring this research work to its completion.

Her unflinching patronage and affection shall ever remain as treasure in my cherished memory.
