APPENDIX - C

Use of local words

Throughout the text of this thesis local words and terms whenever used are explained clearly to make the reading convenient excepting the term T.E. which means Tripura era (Tripurabda). It is an era of the state of Tripura. It comes three years ahead of the Bengali era (B.S.) Thus 1382 T.E. will be 1385 B.S (Bengali San or year). To get T.E. converted into English era 590 years are to be added to it (T.E.)
