ACKNOWLEDGMENT

This thesis is the result of the vision and effort of many people. Firstly, I am indebted to my supervisor, Dr. Joseph Jose, Mahatma Gandhi University Centre for Research, Department of Botany, Sacred Heart College, Thevara, Cochin for suggesting the field of investigation, his skilful guidance, keen interest and encouragement throughout my research work. I express my gratitude to the Principal, Sacred Heart College, Thevara, Cochin for providing the necessary facilities.

I am grateful to the Manager and the Principal of St. Peter’s College, Kolenchery for having rendered all possible facilities and help in completing the course successfully. I extend my thanks to the members of the Department of Botany, St. Peter’s College for their valuable help.

I am extremely grateful to Dr. Sivaprasad P., Associate Professor, College of Agriculture, Vellayani, Thiruvananthapuram and Dr. Potty V.P., Principal Scientist, C.T.C.R.I. Sreekaryam, Thiruvananthapuram for their invaluable suggestions and for making available the ‘inoculum’ without which the work could not have been carried out.

My special thanks to Shri. Vijay Deo, Chief Executive, Deo Aromatic, Kalamassery, Cochin for his kind help during the GC analysis. I would like to acknowledge with thanks the help rendered by Dr. Jacob T.M., Department of Statistics, Nirmala College, Muvattupuzha in carrying out the statistical analysis of the data.

I thank from the deepest bottom of my heart all my friends and well wishers for their co-operation, assistance and encouragement.
