ACKNOWLEDGMENT

It is with great pleasure; I express my deep sense of gratitude to my respected and beloved teacher and research supervisor Prof. M.Sivasankaraiah, Department of Economics, Sri Krishnadevaraya University, Anantapur, whose supervision and guidance have done very much to make this study a very good success. I was lucky enough to carry out this work under his guidance. His constant encouragement, continuous motivation and suggestions were of immense help to maintain a high level confidence throughout conduct of the study. His kind and sympathetic attitude and tireless fact-finding zeal were a perennial source of inspiration to me. Without his guidance and encouragement at every step, it would have been impossible to complete this thesis.

I am very thankful to Prof.K.Dasaratharamaiah, Chairman Board of Studies, Prof.P.Ramappa, Head, Department of Economics and Applied Economics, and other faculty members for their constant encouragement in the completion of my work.

I am thankful to the Library authorities of Sri Krishnadevaraya University, Anantapur, Sri Venkateswara University, Tirupathi, Osmania University, Hyderabad, Andhra University, Visakhapatnam, CESS, and Hyderabad for providing me the necessary Books, Reports and Journals.

Affectionately I salute my Parents Sri Sake Nallappa Smt. Eramma, and special thanks to my friends S.Vijayasekhar Raju, K.Veeranagendra, K.Nagaraju and Research colleagues for supporting me in this endeavor.

S.K.University,
ANANTAPUR.
