ACKNOWLEDGEMENT

I avail this opportunity to place on record my deep sense of gratitude and heart-felt thanks to my research supervisor Dr. G. Shobhalatha, Associate Professor, Department of Mathematics Sri Krishnadevaraya University, Anantapur. She inspired me in working on this topic with profound intellect and concern in bringing the work to its logical end. She always stood behind me and supported me in tough times. I always remember her supporting words and valuable career advices. She gave me the opportunity to pursue interesting research in various structures of semigroups that I wanted to work in future, and provided support at every step. Her constant encouragement and support have rekindled my passion for science and I will forever remain indebted to her for being my mentor and for taking an active interest in the progress of my academic endeavors. I am extremely grateful to her for her benevolence and meticulous care which motivated me to complete this work within time.
