

## LIST OF PUBLICATIONS OF THE AUTHOR

1. A search for rare types of fission induced in Silver and bromine nuclei.

Presented in III High Energy Physics Symposium, Utkal University and Institute of Physics, Bhubaneswar, Orissa, November 1-5, 1976 organised under the auspices of the Department of Atomic Energy, Govt. of India.

Will be sent for publication in Paramana.

2. A study of fissions and short range spallation hyper-fragments.

Presented in the Annual Session of Assam Science Society, February 20, 1977.

Accepted for publication in the Journal of Assam Science Society.

3. Emission of nuclei of mass  $30 < A < 50$  from excited heavy nuclei of photo-nuclear emulsion.

Under preparation
