“The Guru is Brahma, the Guru is Vishnu, and The Guru is Maheshwara

The Guru is verily the Supreme; salutations to that Guru”

Swami Vivekanda said that Guru is an incarnation of the almighty to reach among the people. A perfect Guru, can see the past, present and future and directs us on the right way. I could never have been accomplished this PhD program without the timely guidance of my Guru. However, being a human being, I could not reach to the extent what my guru wished. But I could learn several lessons from this work and hope that these experiences may assist me to explore various endeavors in future as well.

“The child taught by mother and father becomes qualified”

The child doesn’t become learned just by being born. Words won’t suffice my indebtedness towards my family who have always been supporting me way beyond of their limits. I thank all of them from the core of my heart.

I don’t have any words to express my appreciation to Dr. Varsha A. Singh, who has always been ready to elucidate my concepts not just about research work but on different aspects of life as well.
