ACKNOWLEDGEMENTS

I sincerely express my deep sense of gratitude and heartfelt devotion to Professor R.R. Mishra, F.N.A.Sc., F.N.I.E., Department of Botany, School of Life Sciences, North-Eastern Hill University, Shillong for suggesting the problem, giving constant guidance, valuable suggestions and supervision throughout the course of investigation.

I also express my gratitude to Dr. G.D. Sharma, Reader, Department of Botany, NEHU, for his kind and continuous encouragement, help and suggestion from time to time.

I am thankful to Professor A. Chakraborty and Professor B.P. Singh, Department of Statistics, St. Anthony College, for their suggestions and valuable assistance in Statistical analysis.

I owe my gratefulness to Professor K. J. Mahale, Vice-Chancellor, Professor P.K. Bose, Chancellor's nominee and Professor H. Tombi Singh, Department of Life Sciences, Manipur University for granting study leave and giving inspiration and encouragement to the present endeavour.

I am greatly indebted to Janu and Taran who have been the constant source of inspiration for me.

Thanks are also extended to all my well wishers and co-workers who have rendered their generous help.

Last but not the least, I owe everything to my family members and relatives for their good wishes for higher studies.
