

ACKNOWLEDGEMENTS

I would like to express my sincere gratitude to my supervisors: Professor P. Tandon and Late Professor Y. S. Chauhan of the Department of Botany, North-Eastern Hill University, Shillong and Dr. H. S. Gupta, Head, Division of Plant Breeding, ICAR Research Complex for NEH Region, Barapani for their constant guidance, valuable suggestion, encouragement and inspiration throughout my study and for the critical reading of this thesis. My gratitude is extended to Dr Bernard J. Mulligan, Lecturer, University of Nottingham, Nottingham, U.K. for his guidance, encouragement and help during my stay at the University of Nottingham.

I am deeply thankful to Mr. A. Pattanayak, Scientist, ICAR Research Complex for NEH Region, Barapani, Meghalaya, Dr. A. P. Sane, Scientist, National Botanical Research Institute, Lucknow and Dr. Kasi Azakanandam, Scientist, MAHYCO Research Foundation, Maharashtra for their generous help in fulfilment of the research work.

I am thankful to Dr. S. S. Virmani, International Rice Research Institute, Manila, Philippines and Prof. K. Kanahayan, Vice Chancellor, Tamil Nadu Agricultural University, Coimbatore for providing rice seeds.

My sincere thanks and appreciation are also due to Professor E.C. Cocking, Dr(s). Z. Wilson, J. B. Power, M. R. Davey, M. McCabe, N. Blackhall, Mr. D. Wilson, Mr. Trevor, and Mr. Brian Case at Plant Science Division, University of Nottingham for their help and encouragement during the course of study at Nottingham.

Thanks are also extended to Mr Ram Murti, Bishnu Sarma, R.B. Sukla, Hari Gobind, Anil Kumar and Ms Alpana Das for their valuable assistance in laboratory works.

I am deeply thankful to the friends in University of Nottingham for their help and friendship during my stay.

I thank Mrs Jyotshna Sarkar, Sita Sharma, Lina Rangslng, Mr Nandalal Chetri and Mr Dharani Das for their selfless service in routine works in the laboratory and the field.

I gratefully acknowledge the financial support from the Department of Biotechnology, Government of India and Rockefeller Foundation, USA.

Last but not the least, I gratefully acknowledge the constant inspiration and help received from the members of my family without which it would have been impossible to complete the present investigation.
