Acknowledgements

I express my profound indebtedness to my revered teachers, Prof. R.S. Tripathi, Department of Botany and Dr. B.K. Tiwari, Centre for Environmental Studies, North-Eastern Hill University, Shillong, for their erudite guidance, unwavering enthusiasm, analytical prowess and the much needed critical comment of theirs on the draft manuscript. I owe a lot to them for being instrumental in introducing me to the realm of mine spoil restoration ecology.

I shall be grossly failing in my duties, if I do not record my gratefulness to Prof. H.N. Pandey, Head, Department of Botany, N.E.H.U. Shillong, for his prudent suggestions and critical insights notwithstanding his kind permission to avail of the laboratory facilities. I am grateful to Prof. R.R. Mishra, (Late) Prof. Y.S. Chauhan, Prof. P. Tandon former Heads, of the Department of Botany, N.E.H.U. for providing me with necessary facilities in the laboratory.

I owe my sincere gratitude and appreciation to my friend Dr. Babu John, who meticulously undertook the onerous task of typing the MS and unflinchingly rendered all possible help during the entire study period. He deserves wholesome commendation for his steadfast efforts.

Words are inadequate to acknowledge the ungrudging help and personal involvement of my close friends, Shri Rupam Kataki, Shri Atanu Bhattacharjee, Shri Nripemo Odyuo and Shri Hiranjit Choudhury in my work.

I must record my gratefulness to Dr. Y. Kumar (Lecturer), Dr. P. B. Gurung (Herbarium Curator) Department of Botany N.E.H.U., and the staff of B.S.I., Eastern Circle, Shillong, especially my friends, Shri Pranab Joyti Bora and Shri Hajal Samati for their invaluable help in species identification. I am obliged to my friend Shri Gnanendra Sharma, Geography Department, N.E.H.U., for drawing the map of the study area. I am also grateful to the Soil Conservation Department, Govt. of Meghalaya, Jowai for providing the meteorological data. My sincere appreciation goes to Dr. P. Dkhar, Regional Sophisticated Instrumentation Centre (R.S.I.C), N.E.H.U., Shillong for his help in carrying out heavy metal analysis. I also thank the Head, RSIC for allowing me to use the facilities available there.

I sincerely remain obliged to all my senior lab-mates viz: Dr. Prathima Rao, Dr. Jahnaba Mishra, Dr. S.K. Barik, Dr. (Miss) T. Lyngdoh, Dr. (Miss) S. Rynjah, Dr.
D.Dutta, Dr. L. Boral, Dr. Uma Shankar, Dr. A.K. Das, Dr. A. Arunachalam, Dr. K. Arunachalam and Dr. S. K. Dhyani for their help, cooperation and affection. Immense help and support that were always forth coming from the present researchers in the Ecology Laboratory viz. Dr. B.P. Mishra, Shri S. Alemmeren Jamir, Shri Krishna Upadhaya, Shri Pynsakhiat Law, Miss Swapna Prabhu and Shri O.P. Tripathi are fondly acknowledged.

Grateful thanks are due to all my friends, Sanjiban, Chitta, Easter, Gopa, Ajung, Gautam, Anirudha, Sarbani, Imliwati, Pearline and Ricky for their compassion and forebearance at various phases of the study.

I thank the Principal, Raid Laban College, Shillong, for allowing me to pursue the Ph.D. research. My heartfelt appreciation goes to all my colleagues, especially Dr.(Miss), Sudipta Dey, Miss. Carina Goswami and Shri Amit Biswas for their enduring cooperation and generous help during the course of the investigation. Thanks are also due to my dear friend and erstwhile colleague Shri Jarnail Singh for encouragement and support.

I am most grateful to Shri S. Thangkiew of Raid Laban College, Shillong and Shri Umesh Rai, Shri Bishnu Rai, Shri Mithilesh Rai, Shri Rameshwar Rai and the Driver, N.E.H.U for their unconditional assistance in carrying out the field study.

I also wish to thank the photographer, the office and the library staff of N.E.H.U for their kind help during the execution of the study.

Last but not the least, I remain evergrateful to my revered parents for their benediction, and brothers and sister for their perseverance, unstinted support and benevolence throughout the study period.
