Impact of Sub Prime Crisis On World and Indian Economy & Remedial Measures

A BIBLIOGRAPHY
Introduction

This bibliography includes English language books, Research Papers, and working papers that were published between 1994 and 2012. The term “Sub Prime Crisis” is applied in a very broad context focusing on the factors that caused financial turmoil in several countries and its impact. Some of the studies draw comparisons between two or more countries while others focus specifically on a single country. Several publications seek to explain currency crisis by employing theoretical models, or empirical-based conclusions.

The databases used to compile this bibliography are:

- Bank for International Settlements
- Columbia International Affairs Online
- Dissertations and Theses
- International Monetary Fund
- National Bureau of Economic Research
- Social Science Research Network
- World Cat
- World Bank
- Reserve Bank of India
- SEBI (Securities and Exchange Board of India)
- SEC
- Commodity Exchanges Websites
- UN Research Papers
- Various University Publications
- Economist
- Research Papers Published by Economists world wide.
- NCEAR, India

The databases provided varying results depending on the combination of keywords and/or descriptors used.

- Global financial crisis
- International financial crisis
- Monetary crisis
- Currency crisis
- Credit crisis
- Contagion
- Financial panic
- Subprime mortgage crisis

1
• Bank panic
• Debt crisis
• Exchange rate
• Sovereign debt
• Commodity Prices
• Inflationary Conditions
• Emerging Markets
• Impact of Crisis

Includes various search techniques with specific reference to a particular topic and its relevance on the world wide web.
