Acknowledgements

I express a deep sense of gratitude to my supervising teacher, Dr. S. Packirisamy, Dy. Head, Ceramic Matrix Products Division (CMPD), VSSC for his valuable guidance, motivation, encouragement and constructive criticism during the entire course of my research work. I owe him for his fruitful discussion, suggestions and inspiring support without which it would not have been possible to achieve this milestone in my life. I extend my gratitude to Dr. K. N. Ninan, Deputy Director, PCM Entity for his valuable suggestions, encouragement and guidance.

I am thankful to Dr. G. Madhavan Nair, Chairman, ISRO (Formerly Director, VSSC), Dr. B. N. Suresh, Director, VSSC and Shri. K. S. Sastri, Former Deputy Director, PCM Entity for granting permission to carry out the research work in VSSC and extending the necessary facilities.

I would also like to thank Shri. K. G. Kannan, Former Group Director, Propellants and Special Chemicals Group for extending all the facilities of the group. I am thankful to Shri. V. Saseendran, Head, CMPD for rendering all the facilities of the division. Thanks are due to Dr. R. Ramaswamy and Dr. V. C. Joseph, Former Heads, Polymers and Special Chemicals Division for the permission to work in the division. I am also thankful to Dr. Rm Muthiah, Head and Dr. K. Krishnan, Former Dy. Head, Analytical and Spectroscopy Division (ASD) for providing the facilities.

I place on record my sincere thanks and appreciation to Shri. K. J. Sreejith and Shri. B. Swaminathan, Research Scholars, CMPD and Shri. P. Anish, M. Tech Project student who had spent their valuable time, for correcting the manuscript, figures and references with immense patience. Their help has greatly contributed in improving the quality of my thesis.

I am grateful to Shri. P. V. Prabhakaran, Shri. P. K. Narendranath, Dr. C. P. Reghunadhan Nair, Shri. G. Varughese, Dr. P. Sasidharan Achari, Dr. Gini Abraham, Dr. G. Ambadas and Shri. S. Suraj for their collaboration during the course of my research work. I extend my sincere thanks to Shri. P. V. Ravindran, Dr. T. S. Radhakrishnan, Dr. Benny K. George and Shri. G. Viswanathan Asari for their collaboration and analytical support.

I acknowledge with thanks Shri. A. Madhavan, Shri. V. P. Balagangadharan, Shri. T. S. Ramasubramanian, Ms. K. Ambika Devi, Dr. Bina Korah Catherine, Shri. C. Gopalakrishnan Shri. A. Harirarasubramanian, Ms. Salu Jacob, Ms. Annamma Abraham, Ms. R. Sadhana, Dr. Dona Mathew, Shri. C. Sreekumaran Nair, Shri. Pramod Bhaskar, Ms. Roopa Dimple and Shri. K. S. Abhilash, ASD for the thermal and chemical characterization, and mechanical testing of samples.

I am thankful to Shri. Sree Kumar, SCTIMST, Thiruvananthapuram and Ms. Nagashiresha and Shri. Ramesh Narayanan, MMG for the SEM analysis. Thanks are due to Shri. N. S. Babu and Shri. K. M. Sushant, MMG for the XRD analysis.
The librarian and all the staff members of the VSSC Library are remembered with gratitude for their kind co-operation and timely help.

I acknowledge Dr. T. L. Varghese, Chairman, Academic Committee, VSSC and all other Academic Committee members for the valuable suggestions and critical evaluation of the progress during the course of the research work. I am also thankful to Dr. P. Radhakrishnan Nair, Shri. T. M. Vijayan, Dr. V. Lakshmana Rao, Scientists, PSCD for the help rendered. I thank Shri. P. Sadasivan and Shri. Sukumarankutty for their kind cooperation. I also thank all Scientists in PSCG for the constant support and encouragement.

I thank Shri. M. N. Asok Kumar, Shri. Pramod Koshy, Ms. Viola Morris, Shri. Anish Paul, Shri. Giju Skaria, Ms. K. P. Laly and Ms. Jisha K. Joseph, Project Students of CMPD for their help during the course of the work. Dr. Renjith Devasia, Ms. S. Reshmi, Ms. P. Sunitha, Dr. Akanksha Saxena, Dr. G. Santhosh, and all other friends in VSSC for their help during the course of the work. I also thank Dr. Bejoy Francis, for the friendship and the help extended to me. I thank Shri. P. D. Suresh, Shri. L. Joy, Shri. M. Shaiju, Ms. Rani Chandra and Shri. Dileep Kumar for their help.

I remember with gratitude my husband, Mr. Rajeev G. Nair, who was with me in the ups and downs of my life with all support, advice and encouragement. His prayers, affection, encouragement, inspiration, patience and support smoothly paved my path towards the successful completion of this research work. I thank my children for the understanding and support they have shown. I thank my parents for the patience, encouragement, love and support which energized me during the entire research work. My hearty thanks to my brother, Dileep and my sister, Devi for their care, affection, motivation and help throughout my research work.

I acknowledge CSIR, New Delhi and M. G. University, Kottayam for the fellowship. I would like to put on record and thank one and all who directly and indirectly extended their kind cooperation and support throughout my research work. I acknowledge the help received from Dr. Sabu Thomas, Professor, School of Chemical Sciences, M. G. University and the staff members of the Examination Section of M. G. University. I am thankful to Prof. V. Chandrasekhar, Indian Institute of Technology, Kanpur for providing me with phosphazene-based polymer for evaluation of atomic oxygen resistance.

I extend my sincere thanks to Shri. K. J. Vinod and Ms. O. S. Salini, Snaap Designs, Nathencode for printing the thesis and S.B. Press for the binding.

Finally, I bow my head to the Almighty God for showering His blessings, giving me the strength and wisdom to reach this milestone in my life.
