ACKNOWLEDGEMENTS

I wish to express my hearty gratitude to Dr. H.K. Baruah, Professor, Department of Commerce and Dr. A. Borthakur, Professor, Department of Statistics, Gauhati University for their excellent guidance and encouragement throughout the period of study.

I express my gratitude to Dr. Mahadeb Choudhury of Central Inland Capture Fisheries Research Institute, Guwahati, for his valuable suggestions and help during the course of study. I heartily acknowledge the help and encouragement received from my father-in-law Sri Nabin Ch. Borah, Head of the Department of Education, Darrang College, Tezpur all throughout the study period. The valuable help and assistance received from Dr. B.K. Sarma is gratefully acknowledged.

I am indebted to the Assam Agricultural University Authority for permitting me to carry out the work and for providing me the required facilities.

I express my gratitude to Sri Thireswar Borah, for his valuable help in preparing the Thesis. It will be incomplete if I won't acknowledge my wife Utpala Borah and my son Arnab Borah for providing encouragement all throughout the study period.

Finally, I acknowledge Sri H.K. Mahanta Sri D. Dutta and all my well wishers for their hearty encouragement.
