APPENDIX E

GUA/68 Test (English Rendering)
A Group Verbal Examination of General Intelligence

Do not turn over till you are told to do so.

Read the following carefully:

1) These questions are designed to test mental ability. You will find here many interesting questions. However, these questions are not like the ones you find in your school examinations. Therefore, try to understand carefully how you are required to answer questions.

2) Do not write anything on this question booklet, nor leave a scratch on it. To answer it you will be given a separate answer sheet. Answer in the answer sheet. If you have to do any rough work, do it on the blank side at the back.

3) Now, check up if your pencils are well sharpened. If the lead breaks off while the test is going on, just stand up and ask the examiner for a fresh pencil.

4) If you want to correct an answer, do not erase; just scratch it (x) and write the correct answer beside it.

5) You may not be able to answer all the questions in the allotted time. So try to answer as fast as you can. If you find any question difficult, do not waste time on it. Start answering other questions. You get one mark for every correct answer.

6) Begin your work when you are told to do so. When the time is up stop writing and close the answer sheet.

7) Now, you will work out some examples and be sure that you understand them thoroughly.

8) Before you work out the examples, fill up the blanks (your name etc.) at the top of your answer sheet.
WORK OUT THE FOLLOWING EXAMPLES

Answer the following questions according to instructions from the examiner. Do not write anything on the question booklet. Keep the answer sheet to the right of your booklet.
