ACKNOWLEDGEMENT

Foremost thanks to Dr. G. Muraleedhara Kurup, Professor in Biochemistry, School of Bio-sciences (SBS), Mahatma Gandhi University (on deputation as Director, Planning and Development, University of Kerala) for suggesting this topic for my research work. Despite his hectic schedule, he devoted ample time for this work, I am forever indebted by his wonderful guidance, valuable suggestions at each and every step, and diligent and prompt editing of the manuscript that ultimately led to culmination of this project.

I am deeply obliged to Dr. Shankar Shashidhar, Director SBS, for his constant urging, encouragement and guidance. He extended the utmost help academically as well as administratively to ensure smooth progress of this work.

I am very much indebted to Dr. D. J. B. Bagyaraj, Agricultural University Bangalore for providing me with pure culture of the VAM species Glomus mosseae, which helped me in the identification and further research with G. Mosseae.

I would like to express my gratitude to the members of Rubber Research Institute India, Kottayam, especially Dr. M. Karthikakutty Amma, Mrs. Sherly, Mrs. Molly, Dr. Kothandaraman, Dr. Kochuthresiamma and Dr. Meenakumari for helping me in the analysis of samples and for their timely help and valuable suggestions.

I am very much obliged to Dr. Kesavan Namboothiri, Statician, CPCRI, Kayamkulam for helping me in the proper statistical selection, analysis and interpretation of data.

I express my sincere gratitude to Hon’ble General Secretary, Asst. Secretary and School General Manager of Nair Service Society for the
blessings given to me during the tenure of my work. I also thankfully remember
the helps and co-operation of our Principal Smt.V.R.Ashalatha, Headmistress
Smt. C. Valsalakumari and Senior teacher Asha. S. Nair and all other
colleagues at NSSHSS Kidangoor.

I express my gratitude to Dr. Sandhya. R, Mrs. Gini . C. Kuriakose,
Mr. S. Madhavan, Rajesh Divakaran, Mrs. Ligi Jacob, Mr. Denny Philip, Mrs. Aggie
Thomson, Shonima Govindan and all other research scholars of SBS who have
been associated with me during this period, for their constant help.

I am indebted to all the laboratory technicians and non- teaching staff
of SBS, MG University for bearing with me during all these years and
extending such warm gracious and unconditional support.

M/S. of Minitek Computer center, Athirampuzha have helped immensely in
compiling of this thesis. Last but not the least of I thank my mother, brothers
and all other members of my family for their love, patience, urging and prayers.
Credit goes to Mahatma Gandhi University for extending financial assistance
by providing JRF, which helped me to pursue my goal with diligence. The
ultimate driving force GOD had been gracious to me and has blessed me by
fruition of this project.
