ACKNOWLEDGMENT

The preparation of this work would have remained a cherished dream but for the invaluable suggestions and able guidance of my revered teacher, philosopher and guide Dr. Jagiraj Basu, M.A. (Triple) Ph. D., Extra-visiting professor, Goettingen University, West Germany, formerly Professor and Head of the Department of Sanskrit, Guwhati University. The ennobling and unfailing influence and persuasion of Dr. Basu encouraged me in undertaking this research work and it could be finished because of his help. He took painstaking labour to guide my work at every step even at the cost of his ill health. Really words fail to express my gratitude to this great teacher and guide.
