CONTENTS

Chapter 1 INTRODUCTION ... 1

Chapter 2 A PRELIMINARY INVESTIGATION AND SELECTION OF THE PROBLEM OF STUDY 87

Chapter 3 CONSTRUCTION OF AN EXPERIMENTAL TEST OF MATHEMATICS 109
Chapter 4  EXPERIMENTAL TEST ADMINISTRATION AND FIELD INVESTIGATION

Chapter 5  ANALYSIS OF THE RESULT OF THE EXPERIMENTAL TEST (CLASSES V, VI and VII)

Analysis of results for class V. Analysis of results for class VI. Analysis of results for class VII. Summary.

Chapter 6  ANALYSIS OF RESULTS OF THE EXPERIMENTAL TEST (CLASSES VIII, IX and X)

Analysis of results for class VIII. Analysis of result for class IX. Analysis of result for class X. A study of correlation of the performance of pupils in topics of arithmetic and algebra in class VIII, IX and X. Summary.

Chapter 7  GENERAL OBSERVATIONS ON THE PERFORMANCE OF PUPILS FROM CLASS V TO CLASS X IN THE EXPERIMENTAL TESTS

Chapter 8  DRILLING AND INDIVIDUAL GUIDANCE IN MATHEMATICS

Chapter 9  DISCUSSION AND CONCLUSION

Factors for large scale failures in mathematics in each class. Stagnation of students failed in mathematics in a class. A few more suggestions for the improvement of school mathematics in Assam. Limitation of the present study and scope for future research.
