ACKNOWLEDGEMENTS

With great pleasure, I would like to express my deep sense of gratitude and indebtedness to my guide, Professor K. G. Bhattacharyya, Professor, Department of Chemistry, Gauhati University, for his guidance, constant supervision, encouragement and thoughtful suggestions at every stage of my research work.

I express my sincere gratitude to Assam Science, Technology and Environment Council (ASTEC) for granting a Research Project to my supervisor under which the work was initially taken up by me as a JRF.

My gratitude is also due to Professor H. K. Das, Professor S. K. Bhattacharjee, Professor O. K. Medhi, the Heads of the Department of Chemistry, Gauhati University during my research work for providing facilities required for the work. I am also grateful to all other teachers of the Department for their helpful suggestions.

I express my gratitude to Professor R. Tamuli, Principal of Bilasipara College for allowing me to complete the research work. I would like to express my deep gratitude to Professor Raju Bordoloi, Dr. P. K. Mahanta, Dr. R. M. Saha, for their encouragement to complete the work.

I am thankful to the USIC, Gauhati University for their help with the XRD and XRF analyses of the clays.

I would like to extend my thanks to Profs. B. Goswami, A. Bhuyan, S. Saha, M. Chakraborty, M. Patgiri, B. Nath and all other colleagues of Bilasipara college for their kind co-operation and inspiration rendered to me during my research work.
I would like to thank Gunin, Parashmoni, Hitesh, Bijoy, Hiteshda, Babulda, Surathda, Prabinda, Smritisikhaba, Arunimaba and all other co-workers of the Chemistry Department, G.U. for their constant encouragement during the course of the work.

I like to thank Sri Amulaya Sharma for helping me with the drawings with meticulous care. I thank the members of SkyLine InfoTech Computer Center for neatly typing and printing the thesis.

I offer my sincere, hearty and special thanks to my husband Mr. Rajesh Dey for his constant help, inspiration and encouragement.

I also sincerely thank my father-in-law Mr. Bimal Chandra Dey, mother-in-law Mrs. Dipti Dey, brother-in-law Prof. Gopal Krishna Ghosh, elder sister Mrs. Dayabani Ghosh, elder brother Mr. Pradyut Kr. Ghosh and all other family members for their love and constant encouragement to complete this work.

Above all, I offer my love, admiration and respect to my mother who has been an unending source of inspiration and assistance throughout the period of my research work.

Lastly I take the opportunity to salute my late father Atul Chandra Ghosh.

Dipa Ghosh
