ACKNOWLEDGEMENTS

It gives me immense pleasure to express my deep sense of gratitude to my revered teacher Dr. K.G. Bhattacharyya, Professor in Chemistry, Gauhati University for this invaluable guidance and meticulous supervision at every stage of my research work. In fact he is the source of my inspiration in undertaking the present study.

I am grateful to Prof. N.K. Baishya and Prof. H.K. Das, the Heads of the department of chemistry for providing me with all necessary help and laboratory facilities during my work.

I am specially indebted to Dr. S. Sivasanker, Assistant Director, National Chemical Laboratory, Pune for his kind help, co-operation and supervision during my stay at NCL, Pune. I am also grateful to Dr. P. Ratnaswamy, Director, NCL, Pune for allowing the reactor facilities to carry out a reaction for this work.

I would like to acknowledge my gratitude to Dr.(Mrs.) Mridula Mazumdar, Head of Chemistry Department, Handique Girls’ College, Guwahati who very kindly gave me opportunity to complete this work in due time. I am also thankful to Dr. A.K. Talukdar and Dr. H.K. Choudhury of Department of Chemistry, Handique Girls’ College for their advice and help during the course of my work.

I also remember with thanks my co-worker Prabinda, Dhruwada, Nitulda, Jyoti baideu, Dipa, Bhaskar, Tapan, Gunin, Pradeep, Ramesh, Rabisankar, Sujitda for their various help and co-operation rendered to me during my work. My heartfelt thanks are due to all the boarders and staff members of V.V. Rao research scholars’ hostel for their kind help and co-operation.

I sincerely thank my friend and colleague Pratap, Pranami, Utpal, Pulin, Debasish, Monojda and others for their kind help and encouragement in different ways.

I am grateful to the UGC for providing me a fellowship under the DRS scheme to the Department of Chemistry, Gauhati University.

I am indebted to my family members for their co-operation and encouragement and for bearing with me so patiently during the tenure of my work.

I thank Mr. Kamal Sarma and Hilson Barman of Orient Computers for quick and nice printing of this thesis.

Gautam K. Misra
