ACKNOWLEDGEMENTS

The work presented in this thesis was carried out in the fields of different places of the Sibsagar District and the Laboratory works were done in the Botany Department of Sibsagar College and Gauhati University during the year 1970 - 75.

The problem of the thesis was suggested by Dr. H.K. Baruah, M.Sc.(Cal), Ph.D.(Cantab), F.K.A.Sc.; Senior Professor & Head of the Botany Department, now the Vice-Chancellor of the Gauhati University. I wish to express my deep gratitude to him for his keen interest and able guidance in carrying out the investigation.

I sincerely thank Dr.(Mrs.) P. Baruah, M.Sc.(BHU), M.A.(Cantab), Ph.D.(Cantab), F.L.S., Principal, Cotton College, Gauhati, for helpful suggestions.

I wish to express my indebtedness to Dr. P.K. Sharma, B.Sc.Vet.(Bom), Dip.Gen.(Edin), Ph.D.(Gau), Dean, Faculty of Veterinary Science, Assam Agricultural University, Khanapara campus for his tireless help in many ways and in preparing the manuscript of this work.

I am also grateful to P. Chaliha, M.A.(Cal), Principal Sibsagar College, Sibsagar, for kindly providing the necessary facilities, encouragement and helpful advice.

My thanks are due to M. Taher, M.Sc.(Cal), Ph.D. (Auckland), Reader in Geography, Gauhati University, Dr. D.K. Singh, M.Sc.(BMU), Ph.D.(Gau), Reader in Geography, Utkal University and to many of my friends, who helped me in different ways.

I am thankful to Sri M.N. Boron, M.Sc.Lib.(Pl), Asstt. Librarian for his kind assistance.

Lastly, I wish to place on record my appreciation and thanks to the U.G.C., Delhi, for the grant in-aid given to me for carrying out the investigation.
