ACKNOWLEDGEMENTS

I express my hearty sense of gratitude and indebtedness to Professor K. Rajendra Singh, M.Sc. (Cal), Ph.D. (Leeds, U.K.), Head, Department of Mathematics, Gauhati University for rendering valuable supervision, proper guidance and help throughout the period of my research work.

I am also thankful to Dr. B.C. Deka, Reader, Department of Mathematics, Gauhati University, who had inspired the work in the thesis giving encouragement and constant help in the course of the research. I also extend my thankfulness to the authority of Gauhati University for providing library and other facilities for the work.

I offer my thanks to the University Grants Commission for awarding teacher fellowship and also to the Government of Manipur, particularly the education department, for granting study leave to carry out the research work.

Thanks are also due to the Principal, Imphal College, Kakching; and also to Dr. L. Manihar Singh, Sr. Lecturer in Physics, Imphal College, Imphal and a number of my research colleagues for their encouragements throughout the entire period of my research work.

Finally, I offer my thanks to Shri Surjya Kanta Das for taking the burden of typing the manuscript.

Dated, Gauhati
