ACKNOWLEDGEMENT

In the very beginning I take pleasure to have the opportunity of acknowledging Prof. Hiralal Duorah, Dept. of Physics, Gauhati University. My success in preparing this thesis originates from the inspiration and guidance of my respected Sir Prof. Duorah throughout the course of research in theoretical Cosmology. I convey my sincere and deep gratitude to him.

Besides official meetings I visited the residence of my guide a number of times in order to have a discussion in connection with research work. On such occasions I sweetly remember the hospitality meted out to me by Madam Kalpana Duorah, who was keenly interested in the progress of my work.

I also had the opportunity to meet Prof. Parama Mahanta, Dept. of Physics, Dibrugarh University. I remain grateful to him for his valuable suggestions and good will to me.

Dr. Tarun Pheokan, my beloved ex-student and at present lecturer in Physics, Pandu College, helped me in a friendly manner in dealing with certain academic as well as technical aspects of the problem. He rightly deserves thanks from me.

I should not forget the service of staff members of the Gauhati University Library. Whenever necessary I was in the library and was helped by them in finding the necessary books, journals etc.
Dr. M. Kakoty, an employee in the RRL, Jorhat extended help to me in solving some equations in the computer section. I express my thankfulness to him.

By typing and printing the pages of the thesis Mr. Sujit Dev and his collaborators of IICS, Jorhat as well as Mr. Amar Dutta, Mr. Gautam Adhyapok of ICMS, Jorhat helped me in shaping the thesis. I am certainly grateful to all of these friendly employees of the computer establishments of Jorhat.

I must thank Principal Dhirendra Narayan Bhattacharyya, D.K.D. College, Dergaon, who is ever ready to be only happy at the news of any commendable act done by his colleagues.

Lastly my wife Mrs. Binapani Das sacrificed much by relieving me from the domestic network as far practicable as possible. Her co-operation and help are the elements that act behind my achievement. Can she be forgotten?
