Acknowledgements

I express my profound sense of gratitude to my research supervisor, Dr (Mrs.) B. Sobha Rani, Associate Professor, Department of Commerce, Sri Krishnadevaraya University, Anantapur, from whom I have received guidance and encouragement throughout the study. But for her help, guidance and encouragement, this work would not have become possible.

This work originated under the scholarly guidance of my colleague, Dr. G.U.K. Rao, Director, Centre for Industrial Planning and Development, nisiet, Hyderabad, who stood as a tower of strength and made many useful suggestions in improving the work. But for his patience and care, this task would not have come to its successful completion. I am short of words to express my gratitude to him.

I am also grateful to Prof. L. Venugopal Reddy, Dean of Business Management & Commerce, Prof. B. Phaniswara Raju, Chairman, Board of Studies, Prof. P.B. Appa Rao, Head of the Department of Commerce and to the officials of Sri Krishnadevaraya University, Anantapur, for their generous cooperation in carrying out this study.

I extend my special thanks to Dr. N. Subba Rami Reddy, Head, Department of Polymer Science and Technology, S.K. University, for his kind help and cooperation in completion of my work.

I owe a debt gratitude to my institute (nisiet) and the management for allowing me to pursue the present study and for extending necessary facilities. I also thank all my colleagues in the Centre and Institute for their cooperation and encouragement in carrying out this work.

I owe a deep sense of gratitude to the officials of the Commissionerate of Youth Services, Government of Andhra Pradesh and district officials of Ranga Reddy, Anantapur and Srikakulam for providing me necessary data.

My special thanks are due to all CMEY group members, who responded patiently to the questionnaire.

I would like to express my humble gratitude to beloved parents and my family members for their love and blessings which propelled me to complete my study.
