“I will always thank the Lord. I will praise him for what he has done.”

I always believe that it was divine mercy who lead to me to the guide of my dreams Dr. Rosamma Philip. At the outset let me place on record my deep appreciation and gratitude to my mentor and guide Dr. Rosamma Philip, who has been my strong pillar of support throughout my work. Her genuine and deep interest in research, her alertness and perseverance was a driving force in completion of this work on time. Her amiable nature, pleasing manners, coupled with her empathetic ears, rare blend of qualities has made her unique and special to each and every one of her research scholars.

I gratefully acknowledge Dr. A. A. Mohamed Hatha, Head, Department of Marine Biology, Microbiology and Biochemistry and acting Head Dr. S. Bijoy Nandan, for providing all help and facilities in the department.

My sincere thanks to Dr. H.S. Ram Mohan, former Director and Dean, and Dr. Sajan K, Dean, School of Marine sciences for providing all facilities for research. I am thankful to all the teachers in the Department of Marine Biology, especially Dr. Babu Philp for the patience with which he cleared my doubts, Dr. A.V.Saramma and Dr. Aneykutty Joseph for their friendly nature, valuable advice, suggestion and support. I also thank the Non-teaching staff of the department for their help and good wishes. The help provided by the library staff specially Mr. Manuel is also acknowledged.
My heartfelt gratitude to Dr. I.S. Bright Singh, Co-ordinator, National centre for aquatic animal health for his encouragement, help and facilities provided throughout my work period.
