CONTENTS

Preface ........................................ i-vi

Chapters:

I. A Brief Outline of Freudian Psychology ........................................ 1

II. A Survey of Freudian influence with emphasis on the change and extension it has brought in the scope of literature (other than Assamese) ........................................ 33

III. Trend of Post-War Assamese Fiction: A glance at the new realism under which Assamese fiction used to thrive ........................................ 54

IV. Whether Freudianism was inevitable or imposed ........................................ 78

V. Sex-tradition in Assamese literature: Its response to and reaction against Freudianism ........................................ 99

VI. Treatment of sex and other aspects of Freudian Psychology in Post-War Assamese fiction ........................................ 114

VII. Character-groups in the light of Freudian Psychology ........................................ 137

VIII. Psycho-therapeutic measures applied in Assamese fiction ........................................ 160

IX. Some limitations in the literary application of Freudian findings ........................................ 176

(a) Artistic imperfections resulting out of the indiscriminate use of psychological findings,
(b) Tragic inclination of the irrational unconscious in its literary use,
(c) Anti-philosophical bias of Freudian Psychology,
(d) Freudianism: a bar to the realisation of spiritual truth.
