Acknowledgement

Researches that have been conducted in the area of human motivation and creativity in relation to sociometric status are very scarce in the scene of India. With a view to deriving delight, with the findings which aim to act for the advancement and development of the society, the present author has made a survey to find out the level of achievement motivation and creativity in relation to the sociometric status. To produce in the complete form of the research undertaken, the present author has sought help and valuable suggestions from different persons associated with various institutions and departments. So the author must express his deep gratitude to them from whom he had received various valuable suggestions and helps.

Special thanks are due to Dr. Man Shing, Reader and Head of the Deptt. of Psychology of Gauhati University under whose guidance and supervision the final form of the thesis was possible. Also, the present author is very much grateful to Dr. K.P. Bora, Retired Professor, Deptt. of Education, Gauhati University, Dr. P.P. Gakulanathan, Head and Dean, Deptt. of Education, NEHU, Shillong, Dr. Mathew George, Deptt. of Education, NEHU, Shillong, Dr. Prayag Mehta, Director Participation and Development, New Delhi, and Dr. R.A. Sudhir, Deptt. of Education, Arunachal University.
Service of Library towards research is an integral part of research works. In completing the research work the author approached to G.U. Library, NEHU Library (Shillong and Nagaland Campus), Meghalaya District Library, NCCERT Library (New Delhi), Arunachal Pradesh University Library (Itanagar), J.N.U. Library (New Delhi), Utkal University Library, District Library (Guwahati), Cotton College Library (Guwahati). So it is due to express gratefulness to the Librarians and staffs of the aforesaid libraries.

The present author also indebted to the Inspector of Schools, Kamrup District Circle and the Head of the Institutions (where from the data collected) as they provide him the opportunity to conduct the tests in the schools under their administrative jurisdiction. Besides them, the author also thankful to those teacher and students who extend their kind co-operation during the data collection period for this study.

Moreover, the author takes this opportunity of expressing his thanks to those who helped him in many ways and helped to complete his works.
