ACKNOWLEDGEMENTS

The author is greatly indebted and profoundly thankful to Dr. Anjana Kakoti Mahanta, Professor and HOD, Department of Computer Science, Gauhati University and Dr. K. C. Sarma, Professor and HOD, Department of Instrumentation and USIC, Gauhati University for their guidance, help and encouragement throughout the course of the work. I certainly considered myself to be fortunate to have them as my supervisors.

I also thankful to Sri Jatinder Singh Saggu, Director TICO Institute of Embedded Technology, Janakpuri, New Delhi for his help, interest and encouragement.

My grateful acknowledgements are also due to all the staff and faculty members of MCA Department, Jorhat Engineering College for their help and encouragement in various stages of research work.

I am also thankful to all the faculty members, research scholars, laboratory and office staff of Department of Computer Science and Department of Instrumentation and USIC of Gauhati University for their help during entire period of this work.

Finally I wish to express my gratitude to my family members, specially to my father Sri Deba Prasad Baruah and brother Dr. Partha Sarathi Baruah for their inspiration and moral support to carry out this research work. I am also thankful to Majoni (daughter) and Babato (Son) for reliving me to concentrate in my research work.
