Acknowledgements

The author expresses his deep sense of gratitude to his revered teacher and guide, Dr. S. C. Dey, D.Sc. (Cal.), Professor (Retd.) of Zoology & former Dean of Science, Gauhati University for suggesting the problem of the present treatise, erudite guidance and rigorously supervising throughout the course of investigations.

The investigator is also grateful to Prof. Dr. D. K. Sharma, Head, Department of Zoology, Gauhati University, for all facilities to work in the Department.

Dr. Sushil K. Sarmah, Sr. Lecturer in Zoology, Guwahati College, Guwahati has rendered invaluable help and assistance during the course of the present studies. The undersigned expresses his unreserved gratitude to him.

The Principal, Kohima Science College, Nagaland and the faculty members of Zoology Department, Kohima Science College deserve thanks for help and co-operation. The chairman, Dzuleke village council Mr Avi Khate and all the villagers deserve thanks for all the help rendered during the course of the study. The undersigned express his indebtedness to the Director, Dept. of Fishery, Nagaland and the staff for help and co-operation.

In fine the author extends his love and admiration to his wife and other family members for so tenderly looking after him with advice and support over years to enable him complete this humble venture as contemplated.
