LIST OF TABLES

Tables on interview schedule

1. Table-1 Showing sample distribution .......... 29
2. Table-2 showing Family History .......... 43
3. Table-3 showing Diet Habit .......... 44
4. Table-4 showing Drug Addiction .......... 45

Tables on AAPAS Test

1. Table-5 showing M, SD on AAPAS .......... 67
   (Hypertensive Vs Normotensive)
2. Table-6 showing t-test on AAPAS .......... 68
3. Table-7 showing M, SD, SEM on AAPAS .......... 69
   (Female Hypertensive Vs Male Hypertensive)
4. Table-8 showing t-test on AAPAS .......... 70
5. Table-9 showing M, SD, SEM on AAPAS .......... 71
   (Female Normotensive Vs Male Normotensive)
6. Table-10 showing t-test on AAPAS .......... 72
7. Table-11 showing M, SD, SEM on AAPAS .......... 73
   (Both groups together—Female Vs Male)
8. Table-12 showing t-test value on AAPAS .......... 74
9. Table-13 showing M, SD, SEM on AAPAS .......... 75
   (Male Hypertensive Vs Male Normotensive)
10. Table-14 showing t-test value on AAPAS ........................ 76
11. Table-15 showing M,SD,SEM on AAPAS ........................ 77
   (Independent samples of groups)
   Female Hypertensive Vs Female Normotensive
12. Table-16 showing t-test value on AAPAS ........................ 78

**Tables on P.S.L.E. Scale**

1. Table-17 showing M,SD,SEM on PSLE ........................ 79
   (Hypertensive Vs Normotensive)
2. Table-18 showing t-test value on PSLE ........................ 80
3. Table-19 showing M,SD,SEM on PSLE ........................ 81
   Hypertensive groups (Female Vs Male)
4. Table-20 showing t-test value on PSLE ........................ 82
5. Table-21 showing M,SD,SEM on PSLE ........................ 83
   Normotensive groups (Female Vs Male)
6. Table-22 showing t-test value on PSLE ........................ 84
7. Table-23 showing M,SD,SEM on PSLE ........................ 85
   Both groups together (Female Vs Male)
8. Table-24 showing t-test value on PSLE ........................ 86
9. Table-25 showing M,SD,SEM on PSLE ........................ 87
   Independent samples of groups
   (Male Normotensive Vs Male Hypertensive)
10. Table-26 showing t-test value on PSLE ........................ 88
11. Table27 showing M,SD,SEM on PSLE ........................ 89
    Independent samples of groups
    (Female Hypertensive Vs Female Normotensive)
12. Table.28 showing t-test value on PSLE ........................ 90
Tables on ANCOVA

1. Table-29 showing Multivariate test of significance (Hypertensive Vs Normotensive) ............ 93
2. Table-30 showing Univariate F-test (1,2,3,6) D.F. (Hypertensive Vs Normotensive) ............ 94
3. Table-31 showing Multivariate test of significance (Female Vs Male) ............ 95
4. Table-32 showing Univariate F-test (1,2,3,6) D.F. Effect on groups (Female Vs Male) ............ 96
5. Table-33 showing standardized canonical discriminant function co-efficient ............ 97
6. Table-34 showing discriminant function evaluated at groups means (Group Centroids) ............ 98
7. Table-35 showing canonical discriminant functions (Groups : Male and Female) ............ 99

List of graphs (AAPAS)

1. Fig.1 showing graphic representation of n.Achievement (Hypertensive Vs Normotensive) ............ 55
2. Fig.2 showing graphic representation of n.Affiliation (Hypertensive Vs Normotensive) ............ 55
3. Fig.3 showing graphic representation of n.Power (Hypertensive Vs Normotensive) ............ 56
4. Fig.4 showing graphic representation of n.Aggression (Hypertensive Vs Normotensive) ............ 56
5. Fig.5 showing graphic representation of n.Security (Hypertensive Vs Normotensive) ............ 57
6. Fig.6 showing graphic representation of n.Achievement (Both groups together) ............ 57
7. Fig. 7 showing graphic representation of n.Affiliation ........... 58
   (Both groups together)

8. Fig. 8 showing graphic representation of n.Power ........... 58
   (Both groups together)

9. Fig. 9 showing graphic representation of n.Aggression ........... 59
   (Both groups together)

10. Fig. 10 showing graphic representation of n.Security .......... 59
     (Both groups together)

List of graphs (PSLE)

1. Fig. 11 showing level of stress in past one year ........... 65
   (Hypertensive Vs Normotensive)

2. Fig. 12 showing level of stress in life time ........... 65
   (Hypertensive Vs Normotensive)

3. Fig. 13 showing level of stress in past one year ........... 66
   (Both groups together)

4. Fig. 14 showing level of stress in life time ........... 66
   (Both groups together)
