ACKNOWLEDGEMENT

At the very outset, I would like to express my deep gratitude to my respected teacher and guide Prof. Srinath Barua, for his constant guidance, inspiration and detailed constructive comments on my thesis.

I am grateful to Prof. G.K. Kadekodi and Prof. B.D. Dhawan of Institute of Economic Growth, Delhi, for their invaluable suggestions and blessings.

My profound thanks to the librarians and staff of the Gauhati University Library, Ratan Tata Library of Delhi School of Economics, and the Library of Institute of Economic Growth, Delhi, for their immense help.

I want to place on record my sincere thanks to Sri Binayak Choudhury, Asstt. Director, Town and Country Planning, Assam, for helping me by providing valuable data and suggestions.

I am indebted to my brother Sri Khanin Chowdhury and brotherlike Sri Utpal Kr. Bora, of Planning and Development Department, Govt. of Assam, for their constant help.

I am thankful to my friend Sri Satyendra Narayan, System Analyst, Computer Centre, Institute of Economic Growth, Delhi, for kindly doing the necessary computational work.

I acknowledge the help of the Directorate of Industries, Assam, Directorate of Economics and Statistics, Assam, and Sri M.K. Das of Assam Industrial Development Corporation, for providing me valuable informations and data.

I cannot go without recalling the members of Trustcorp Management Services, Guwahati for their excellent word processing and printing.

I am ever grateful to my friends, colleagues and my family members, particularly my parents, without whose constant inspiration and blessings this thesis would never have been possible.

(MONOJ KUMAR CHOWDHURY)
