ACKNOWLEDGEMENTS

I, gratefully, acknowledge the sincere, stimulated guidance, unwavering support and unrelenting co-operation extended by my esteemed supervisor Dr. Arun Nanda, who had always been a battery of inspiration for me during this research work. I am indeed highly indebted for his valuable suggestions, over-helping attitude, motivating spirit and sincere experience sharing during the present study. I do not find words to express his dedication, sincerity and scientific approach which helped me in completing the research project successfully. His patient reading of various drafts, constructive criticism and meticulous scrutiny in formulating/designing the present thesis is highly appreciated.

I would like to acknowledge the support and help rendered by the management of M/S Hi-Tech Laboratories Ltd. 1-2, DLF Industrial Area Phase- I Faridabad-120002 who were kind enough in providing me the necessary analytical testing facilities, technical support and time to time help in carrying out the analytical work. Over helping attitude of Sh. Davender Kumar is specifically appreciated. Free samples of generic medicines provided by the M/S Indian Drugs and Pharmaceutical Limited Gurgaon, Haryana, a Government of India undertaking, for carrying out the present comparative evaluation studies of generic and branded medicines is also acknowledged.

I would also like to express my gratitude for the endless support and co-operation of my family especially my wife Mrs. Renu Singal without which it was not possible for me to complete this herculean task.

Dr. (Mrs.) Anita Kotwani Professor of Pharmacology, VP Chest Institute University of Delhi, New Delhi -110001 deserves my special appreciation for her time to time guidance and help during the course of my research work. I also acknowledge the help and support provided by Sh. Man Mohan, Senior Drugs Control Officer cum Licensing Authority, Food & Drugs Administration Rohtak Zone (Rohtak) during the course of this study.
I would be remiss, if I do not place on record my special thanks for Dr. (Mrs.) Sanju Nanda, Reader, Department of Pharmaceutical Sciences M.D. University, Rohtak for her time to time help and co-operation provided by her during the course of the study. I highly acknowledge the help, co-operation and support which I received from the faculty members, staff and students of Department of Pharmaceutical Sciences, M. D. University Rohtak during the research project.

Co-operation and support received from the medical doctors practicing in public as well as private sector at various places in the State of Haryana as well as fellow pharmacists dispensing at various chemist shops situated in different parts of the state, who contributed a lot during the course of survey work, is highly appreciated. Time to time consultation, help and guidance provided by M/s Choksi Laboratories Ltd., 362, Phase-II, Industrial Area, Panchkula in completing this research work is appreciable.

I am also grateful to the Department of Health & Family Welfare, Govt. of Haryana for according me the necessary permission to undertake the present research work. Cooperation received from my seniors and field officers is also acknowledged.

(GIRDHARI LAL SINGAL)
