ACKNOWLEDGEMENT

I am deeply indebted to my teacher Dr. Sudhangsu K. Ghosal, Professor in Zoology, Burdwan University for suggesting the topic and for individual guidance and all sorts of cooperation throughout the course of my investigation.

I am grateful to Prof. G. Majumder, Prof. J.N. Medda, Prof. S. Roy, former Head of the Department, Prof. M.C. Mukhopadhyay, present Head of the Department of Zoology, Burdwan University for kindly permitting me to work in this department and rendering necessary facilities.
Greatful acknowledgements are due to Prof. D.K. Choudhuri, Dr. P.K. Chaudhuri, Dr. S. Chakraborty and Dr. M. Banerjee of this department for their kind help and encouragements.

I express my deepest regard and gratitude to Dr. Ajoy K. Roy, Reader, Maulana Azad College, Dr. S. Chakrabarty, Reader, Zoology Department, Burdwan University and Dr. Mrs. A. Chakrabarty, Lecturer in Zoology, Vivekananda College, Burdwan, who being my intellectual guide, played a vital role in growing my interest in this subject.
I am grateful to Dr. A.L. Bhatia, Reader in Radiation Biology Department, University of Rajasthan for his kind help and suggestion and also providing me with some rare specimen like desert rat Gerbil (*Meriones hurrenae* Jerdon) for my experiment. I also pay my greatful thanks to Dr. Bijoyesh Chaudhuri, Head of the Department of veterinary of Burdwan District, and Dr. Santanu Chaudhuri, veterinary surgeon of West Bengal veterinary service, who kindly obtained biopsies from the goat. I also acknowledge greatfuly the help of Dr. Anupam Chatterjee of Banaras Hindu University for supplying the specimen booduga mouse (*Mus booduga*).

It is a great pleasure to me to express my regard and gratitude to Mrs. Indrani Ghosal, for her sympathy and blessings bestowed upon me continiously during my tenure as a research scholar under Dr. S.K. Ghosal.

I express my gratitude to Dr. T. Midya (Lecturer, Krishnanagar Govt. College) and Dr. A. Sengupta (Lecturer, Kalna College) who being the student of Dr. Ghosal helped me very much regarding my problem.

I am grateful to Mr. A.K. Ghosh Roy, Mrs. Nupur Ghosh Roy, Seattle, U.S.A. and Mr. Francis de Suja, Goya
for providing me the Kodak AR-10 stripping film for my autoradiographic enterprise.

I am also thanking to Dr. Monjit Acharya Chaudhuri, the Head of the Department of Botany, Dr. P. Bhanja, Professor in Botany and Mr. Shaymal Seth of Botany Department of this University for giving me the facility to using their photographic darkroom for my autoradiographic preparations.

Thanks are also due to my research colleagues Dr. Mrs. Bani Sengupta, Mrs. Sipra Das, Dr. Subhra Chanda, Dr. Mrs. Kuhu Mitra, Dr. Minakshi Mallick, Dr. Ashok Paul, Dr. Ashis Paul, Dr. Lakshmi Narayan Neogi, Dr. Samarendra Nath Banerjee, Dr. Ujjal K. Banerjee, Dr. Lalmohan Saha, Miss Swapna Banerjee, Miss Anjana Bhattacharya, Miss Gun Gun Dutta, Mr. Samar Bijay Das, Mr. Debashish Dey, Mr. Chinmay Chatterjee, Mr. Tapas Maji, Mr. Anup Mahapatra, Mr. Deb kumar Dutta, Mr. Paresh Paul, Mr. Paresh Ghosh, Mr. Md. Ali and Miss Papiya Mallick for their excellent spirit of cooperation and generous help during arduous task of preparing this thesis. Active cooperation was done by Mr. Biswanath Karmakar for handling the specimens.
I am too pleased to express my deepest sense of regards and gratitude to my parents Shri Bishnupada Basu Roy and Smt. Gita Basu Roy, my uncles Shri S.K. Basu Roy, Shri M.R. Ghosh, my elder brothers, Mr. S.K. Basu Roy and Mr. U. Roy and all of my well wishers for their encouragements, inspiration and help during this study.

I am thankful to Samar Aich, Burdwan University for a careful typing of this thesis.

I greatly acknowledge a UGC Research Fellowship (both Junior and Senior) to me. I am also indebted to the University of Burdwan for allowing me to utilize its infra-structural facilities.

Tapasi Basu Roy
