ACKNOWLEDGEMENT

This work was undertaken by the candidate as M. Phil. research programme in the Burdwan University in 1978 under the supervision of Prof. M.R. Choudhuri, D.Litt., University of Burdwan.

The candidate owes sincerest gratitude to Prof. Choudhuri who has been a constant source of inspiration, information and guidance to her in matters associated with laying out the scheme of study, selection of analytical tools and interpretation of data.

The candidate would like to express her deepest sense of gratitude to all those who have provided her with various types of informations during her field study at Purulia. She would particularly like to thank Sri A.K. Mukherjee, General Manager, District Industries Centre, Purulia. He was very kind and helpful in furnishing her with details of Government efforts towards upliftment of the District. Thanks are due to Shri R.K. Punja, Project Manager, District Industries Centre, Purulia, whose vast knowledge and information on the industrial aspect of the District provided with basic informations of this study.

For details about Lac Industry the candidate owes a great deal to Sri A.K. Banerjee, Lac Development Officer, Purulia, who provided her with current data on various aspect of Lac Industry
in the district. Sri T. Das Gupta, Superintendut, Industrial Centre for Lac, Balarampur owes a special thank. He took great pains to take her round different Lac Factories at Balarampur and explained functioning as also various associated problems of the industry.

Shri S. Majumder, Secretary, Shellac Export Promotion Council, helped a lot in collecting data on Lac production, Lac export etc.

Thanks are also due to Shri M. Dutt, Project Officer, Purulia, Marginal Farmers and Agricultural Labourers' Development Agency, to Dr. N. Trivedi, Project Officer (Multiple Cropping) and to Shri A.K. Mandal, District Agricultural Officer, Purulia. They showed keen interest in the study and were kind enough to spare much of their valuable time in explaining the aims, objectives and achievements of their projects. Sri H.N. Neogi, Senior Geologist Government of West Bengal and Shri D.K. Das, Senior Geologist, West Bengal Mineral Development and Trading Corporation Limited, Purulia, deserve special thanks for furnishing the candidate with up-to-date information regarding mineral resources of the district.

She would especially like to extend her thanks to Mr P.K. Gangopadhyay and Shri S. Bandopadhyay of Indian School of Mines, Dhanbad who provided her the experimental result on cement making with calcareous rock from Punch Block, Purulia District.

The candidate is grateful to those Geologists and the office staff of G.S.I who have helped her in collecting some valuable maps and unpublished papers.

The candidate wishes to acknowledge all of them who helped her in collecting several types of informations required. Special
mention should be made of District Statistical Officer, Bureau of Applied Economics and Statistics, Government of West Bengal, Purulia, Secretary, Department of Economic Studies, United Bank of India, Calcutta, Secretary, Small Scale Engineering, Export Promotion Council, Deputy Director, Cottage and Small Scale Industry. Warmest thanks are due to Sri S. Ray, D.F.O, Purulia, Shri B Banerjee, Agent, United Bank of India, Purulia, B.D.O, Barabazar, Purulia, S.D.O, Purulia, B.D.O, Jhalda, for their kind co-operation and help extended in collecting various field data.

In spite of the efforts of all these persons, limitations and inadequacies could not be ruled out. The candidate holds herself responsible for all such limitations.
