

## ACKNOWLEDGEMENT

I wish to record my heartfelt gratitude to the Council of Scientific and Industrial Research, New Delhi, for the award of a Junior Research Fellowship which had enabled me to undertake the project described in this dissertation.

It is a pleasure to express my regards to my teacher Professor R. L. Dutta for his kind guidance and encouragement.

I am also thankful to my research colleagues and laboratory technicians for their understanding and helpful co-operation.

Ranajit Kumar Ray

Inorganic Chemistry Laboratory  
The University of Burdwan  
Burdwan, West Bengal.
