

Contents :

<u>Chapter I</u>	: Chromatography and the world of coordination complexes.	1
<u>Chapter II</u>	: Plan of the present work.	48
<u>Chapter III</u>	: Materials and methods.	53
<u>Chapter IV</u>	: Paper chromatography of square planar bis(biguanide) complexes of copper(II), nickel(II) and palladium(II).	76
<u>Chapter V</u>	: Paper chromatography of square planar bis(amidino-O-alkylurea) complexes of copper(II) and nickel(II).	85
<u>Chapter VI</u>	: Palladium(II) complexes of 1-amidino-O-alkylurea.	94
<u>Chapter VII</u>	: Paper chromatographic studies on copper(II) mixed chelates.	105
<u>Chapter VIII</u>	: Paper chromatographic studies on inert cobalt(III) complexes.	112
<u>Chapter IX</u>	: Thin layer chromatographic studies on metal complexes.	117
<u>References</u>	:	136
<u>Appendix I</u>	: Published papers.	152
