List of Figures

Chapter - I

1. Location of district Hooghly 3
2. Hooghly, development blocks 4

Chapter - II

3. Hooghly, Relief and drainage 19
4. Hooghly, Average Annual Rainfall 35
5. Ombro-Thermic diagram - Station - Chinsurah and Dhaniakhali 40
6. Ombro-Thermic diagram - Station - Jangipara and Balagarh 41
7. Ombro-Thermic diagram - Station - Arambagh and Singur 42
8. Hooghly, Major Soil type 44
9. Hooghly, Scil Texture 48
10. Hooghly, Spatial variation of soil pH 50

Chapter - III

12. Hooghly, Intensity of Cropping in percent (1977-78) 68
13. Hooghly, Intensity of Cropping in percent (1986-87) 69
14. Hooghly, Diversification Index (1977-78) 72
15. Hooghly, Diversification Index (1986-87) 73
16. Hooghly, Temporal Trend in Rice Production for ten years
17. Hooghly, Yield rate of Rice
18. Hooghly, Yield rate of Aman Paddy
19. Hooghly, Yield rate of Aus Paddy
20. Hooghly, Yield rate of Boro Paddy
21. Hooghly, Decennial change of area under high-yielding variety of paddy
22. Hooghly, Yield rate of Rice (1977-78)
23. Hooghly, Yield rate of Rice (1986-87)
24. Hooghly, Yield of Principal Crops (1977-78 to 1986-87)
25. Hooghly, Depth of water table during Monsoon and Pre-monsoon period
26. Hooghly, Irrigation from different sources
27. Hooghly, Intensity of irrigation in percent (1977-78)
28. Hooghly, Intensity of irrigation in percent (1986-87)
29. Hooghly, Relative increase in Gross irrigated area in percent
30. Hooghly, Relative change in the Intensity of irrigation (1977-78 to 1986-87)
31. Relationship between Cropping intensity and irrigation intensity
32. Hooghly, Temporal trend of fertilizer consumption for ten years
33. Hooghly, Temporal trend in Plant protection coverage for ten years
Chapter - IV

36. Location Map of the village Kamardanga in the Police Station of Balagarh in Hooghly district

37. Village - Kamardanga - Yield rate of Principal Crops (1977-78 to 1986-87)

38. Village - Kamardanga - Extension of area under high-yielding varieties

39. Village - Kamardanga - Irrigation from different sources

40. Location map of the village Chandpur in the Police Station of Balagarh in Hooghly district

41. Village - Chandpur - Yield rate of Principal Crops (1977-78 to 1986-87)

42. Village - Chandpur - Extension of area under high-yielding varieties

43. Village - Chandpur - Irrigation from different sources

44. Location Map of the village Ilchhoba in the Police Station of Panduah in Hooghly district

45. Village - Ilchhoba - Yield rate of Principal Crops (1977-78 to 1986-87)

46. Village - Ilchhoba - Extension of area under high-yielding varieties

47. Village - Ilchhoba - Irrigation from different sources
48. Location Map of the village Muktikri in the Police Station of Panduah in Hooghly district

49. Village - Muktikri - Yield rate of Principal Crops (1977-78 to 1986-87)

50. Village - Muktikri - Extension of area under high-yielding varieties

51. Village - Muktikri - Irrigation from different sources

52. Location Map of the village Dhakshinkul in the Police Station of Haripal in Hooghly district

53. Village - Dhakshinkul - Yield rate of Principal Crops (1977-78 to 1986-87)

54. Village - Dhakshinkul - Extension of area under high-yielding varieties

55. Village - Dhakshinkul - Irrigation from different sources

56. Location Map of the village Bakjal in the Police Station of Haripal in Hooghly district

57. Village - Bakjal - Yield rate of Principal Crops (1977-78 to 1986-87)

58. Village - Bakjal - Extension of area under high-yielding varieties

59. Village - Bakjal - Irrigation from different sources

60. Location Map of the village Kamarpukur in the Police Station of Goghat in Hooghly district

61. Village - Kamarpukur - Yield rate of Principal Crops (1977-78 to 1986-87)

62. Village - Kamarpukur - Extension of area under high-yielding varieties

63. Village - Kamarpukur - Irrigation from different sources
64. Location Map of the village Santipur in the Police Station of Goghat in Hooghly district

65. Village - Santipur - Yield rate of Principal Crops (1977-78 to 1986-87)

66. Village - Santipur - Extension of area under high-yielding varieties

67. Village - Santipur - Irrigation from different sources
