Acknowledgement

The author expresses his deepest sense of gratitude to Dr. A. K. Hati Ph.D., Professor and Head of the Department of Medical Entomology and Chairman, Division of Parasitology, Calcutta School of Tropical Medicine and Dr. D. K. Choudhuri, Ph.D., D.I.C. (Lond.), D.Sc(Cal.), F.R.E.S., F.Z.S.I., F.E.S.I., Professor of Zoology, Dean of the faculty of Science, University of Burdwan, former vice chancellor, Kalyani University for suggesting the problem of research and esteemed guidance throughout the entire period of its execution.

I am grateful to Dr. (Mrs) Neelam Tandon of the Department of Medical Entomology, Calcutta School of Tropical Medicine and to Dr. P. K. Chaudhuri of the Department of Zoology, University of Burdwan for their constructive criticisms which substantially improved the manuscript, I would like to thank to Dr. A. Mitra of Presidency College who took much pain for statistic compilation of the data accumulated in this work.

Messers K. K. Ghosh, S. Bhattacharya, N. De, S. Sur, S. Das, A. Ghosh, U. Halder, and J. Ghosh, Co-workers and friends at the School of Tropical Medicine, Calcutta and my friend Nazrul Haque of the Department of Zoology, University of Burdwan provided generous assistance whenever
required for which I owe my indebtedness.

Thanks are due to the Director, School of Tropical Medicine, Calcutta, the Head of the Department of Zoology, University of Burdwan for laboratory and library facilities and to the West Bengal Science and Technology Committee, Government of West Bengal for supporting the research by awarding me a research fellowship.

Last but not the least I would like to express my profound gratitude to my father Dr. A. Chakraborty without whose support, guidance and encouragement this work could not have been completed.

Srikanta Chakraborty.
