

## LIST OF TABLES

	<u>Pages</u>
CHAPTER II	
1. Area of principal crops in West Bengal and Hooghly district in 1980-81	.. 16
2. Production of principal crops in West Bengal and Hooghly district in 1980-81	.. 17
3. Arithmetic, Physiological and Agricultural density in the district of Hooghly	.. 24
CHAPTER IV	
1. Frequency of annual rainfall	.. 58
2. Hours of bright sunshine and evaporation in Hooghly	.. 61
CHAPTER V	
1. Textural classes of soil	.. 99
2. Nutrient removal by a few selected crops	.. 106
3. Percent rating of textural classes according to Storie	.. 118
4. Percent rating of textural classes according to present author	.. 120
5. Soil Classes according to its production capacity	.. 124
CHAPTER VI	
1. Intensity of irrigation	.. 150

## CHAPTER VII

- |  |    |         |
|--|----|---------|
| 1. Land Utilization : 1944-45 to 1976-77 | .. | 164-165 |
|--|----|---------|

## CHAPTER VIII

- |   |    |     |
|---|----|-----|
| 1. Distribution of main crops during 1982-83                    | .. | 203 |
| 2. Second ranking crops=  | .. | 231 |
| 3. Third ranking crops  | .. | 233 |
| 4. Crop combination regions (First Two Crops)                   | .. | 234 |
| 5. Crops combination regions (First three crops)                | .. | 235 |
| 6. Crop Combination regions (Minimum Deviation Method)          | .. | 237 |
| 7. Crop Combination regions (Maximum Positive Deviation Method) | .. | 240 |

## CHAPTER IX

- |   |    |     |
|---|----|-----|
| 1. Yield in kg/hectare                                    | .. | 247 |
| 2. Yield in some crops in selected countries of the world | .. | 264 |

## CHAPTER X

- |                             |    |     |
|-----------------------------|----|-----|
| 1. Productivity index array | .. | 272 |
|-----------------------------|----|-----|

## CHAPTER XI

- |   |     |         |
|---|-----|---------|
| 1. Consumption of fertilizers (1970-71 to 1983-84)                | ..  | 295-296 |
| 2. Consumption of agricultural medicines(1983-84)                 | ..  | 298     |
| 3. Area covered and used treated seed (1983-84)                   | ..  | 299     |
| 4. Net sown area, area sown more than once and gross cropped area | ..  | 301     |
| 5. Number of minor irrigation installation 1973-74 to 1983-84     | ... | 302     |

## CHAPTER XII

1. Nutrient removal by a few selected crops, Average from a variety of Indian sources	..	308
2. Comparative cost of ploughing the field for boro paddy	..	318
3. Comparative cost for thrashing boro paddy	..	318
4. Size of land holding	..	322

## APPENDIX

1. Occupation (1971)	..	365
2. Acreage of different crops in West Bengal 1980-81	..	366
3. Population, total workers, agricultural workers and area	..	367
4. Average monthly temperature	..	368
5. Monthly averages of relative humidity 1976-1980	..	368a
6. Average monthly and annual rainfall (1950-1979)	..	369-370
7. Average rainfall	..	371
8. Monthly and annual rainfall of different stations	..	372
9. Monthly and annual temperature of different stations	..	373
10. Annual rainfall of different stations	..	374
11. Annual rainfall and yield of aman 1950-1979	..	375-376
12A. to 12 K. Soil profiles	..	377-387
13. Chemical properties of soil	..	388
14. Soil types according to texture (U.S.D.A.)	..	389

	<u>Pages</u>
15A. Yield of aus and score values for different properties of soil	.. 390
15B. Yield of aus and proportionate score value of the soil	.. 391
16. Depth of water table	.. 392
17. Irrigated area from different sources 1980-81	.. 393-394
18. Net sown area and net area irrigated 1971-72 to 1981-82	.. 395
19. Absolute and relative changes in net area irrigated 1971-72 to 1981-82	.. 396
20. Relative change in intensity of irrigation (Blockwise) during 1971-72 and 1981-82	.. 397
21. Absolute and relative change in net sown area 1971-72 to 1981-82	.. 398
22. Net irrigated, gross cropped area and area sown more than once (1981-82)	.. 399
23. Land use (1944-45 to 1976-77)	.. 400-402
24. Blockwise land use (1971)	.. 403
25. Acreage Expansion : extensive vs intensive 1944-45 to 1976-77	.. 404-406
26. Net gain or loss in cropped area in extensive and intensive margin	.. 407
27. Relative coefficient of over population	.. 408
28. Cropped area 1981-82	.. 409-410
29. Rural population density, cropping intensity, area sown more than once	.. 411

	<u>Pages</u>
30. Area under different crops, 1944-45 to 1980-81	.. 412-417
31. Area under different crops (Blockwise) and index of diversity 1944-45	.. 418-421
32. Area under different crops (Blockwise) and index of diversity 1982-83	.. 422-425
33. Area of orchard crops during 1981-82	.. 426
34. Ranking of crops according to crop acreage for the year 1982-83	.. 427
35. Coefficient of geographical association of blocks (Based on crop ranking according to acreage covered by respective crops during 1981-82)	.. 428
36. Districtwise yield rate of principal crops	.. 429
37. Area, production and yield of chief crops 1960-61 to 1979-80	.. 430-431
38. Blockwise area, production and yield of chief crops in Hooghly, 1980-81	.. 432-433
39. Area, production and value of chief crops of Hooghly district 1979-80	.. 434-435
40. Total area occupied by chief crops and their value of Hooghly district 1979-80	.. 436
