ACKNOWLEDGEMENTS

First and foremost, I praise and thank Almighty God for His grace and blessings that sustained, and helped me to complete this piece of work successfully.

It is a great privilege and honor for me to express my sincere gratitude to my research supervisor Prof. D.V. Subbaiah garu, M.Sc., Ph.D., Chairman, B.O.S. and Professor, Dept. of Physics, Sri Krishnadevaraya University, Anantapur for his inspiring guidance and invaluable cooperation throughout the process of my research work.

I am expressing my profound thanks to Prof. E. Raja Gopal and Prof. K.V. Siva Kumar, former Professors, Dept. of Physics for their useful suggestions in the present work.

I am also thankful to Prof. R. Ramakrishna Reddy, Prof. K. Raghavendra Rao and Prof. R. Jeevan Kumar, Dr. K. Ram Gopal and Dr. N. Ram Manohar Reddy, for their interest in the present work.

I wish to express my thanks to Prof. T. Ramanjappa, Head, Dept. of Physics for providing necessary facilities to carryout the research work.

I am thankful to Prof. D.V. Prasada Rao, Dean of Physical Sciences, for his encouragement and keen interest in my work.

My thanks to the authorities of S.K. University for providing facilities in the Department of Physics.

I am highly grateful to Prof. L. Ravindranath, Dept. of chemistry and Prof. A. Varada Rajulu, Dept. of Polymer Science for their invaluable help in the present work.

I heartily acknowledge Sri N. Yadagiri, I.I.Sc. Library, Bangalore for his kind cooperation and help in literature work.

Words do not suffice to express my deep sense of feelings towards my friends Madhavi, Aisha Begum, Komala, Sujatha, Jarina Bibi, Swarupa Rani, Raja Sreelatha, Saraswati for their affection and moral support.

I am deeply touched by sincere and wholehearted affection of my father Nabi Saheb and my mother Fathima Bee and all my family members.

(D.ZARENA)
