Acknowledgements

First and foremost, I owe deep debt of gratitude to my research guide Prof. L.K. RAVINDRANATH, for giving me an opportunity to work under his continuous guidance, for his support, and encouragement through this study and he has also guided my personal development and maturation as an independent, confident, and strong researcher, something I never could have learned from a book. I am extremely lucky to work with such a high profiled persona. His guidance was the next best thing to knowledge, which I will cherish throughout my life. He is truly a source of inspiration to pursue a research-oriented career.

I am very much thankful to U.G.C. for financial help to the project entitled “Electro Organic Synthesis with Chemically Modified Electrodes.”

I am grateful to Prof. M.C.S. Subha, Head of the Department of Chemistry for her cooperation and providing necessary facilities to carryout the research work.

I extend my grateful thanks and profound respect to Prof. T. Sreenivasulu Reddy, Prof. R. Sreenivasulu, Prof. V. Suryanarayana Rao, Prof. K. Hussain Reddy, Prof. G. Narayanaswamy, Prof. V. Krishna Reddy, Dr. J. Sreeramulu and Dr. P. Raveendra Reddy, Department of Chemistry, S.K. University for their cooperation throughout the work.

I am very thankful to Dr. C. Nagaraja Department of USIC for helping me throughout my research work.

I wish to place on record my sincere thanks to my all my research colleagues (many of whom became also friends) Dr. D.V. Ratnam, Dr.
I am very thankful to my friend M.Rajendar Reddy (Matrix labs ltd) for helping my entire research work.

I owe my deep sense of gratitude and heartful thanks to my beloved parents, Smt. M. Narayanamma and Sri. M. Bala Dastagiri Reddy, who laid the foundation of my academic pursuit right from my childhood.

Finally, I thank and remember each and every person who helped me directly and indirectly in my career.

Sincere thanks to S.Md.Nasir, for computerizing the thesis with meticulous care.

M. DASTAGIRI REDDY
