ACKNOWLEDGEMENT

I feel it a pleasure duty to express my profound sense of gratitude to my supervisor, Dr. P. Indira, Professor, Head, Department of Zoology, Sri Krishnadevaraya University, Anantapur, for her invaluable guidance, tireless efforts through discussions, keen interest and encouragement throughout the course of this investigation with immense pleasure. I will all be indebted for what I have learnt from her during my thesis work. I am sincerely grateful for her benevolent attitude and meticulous care which enable me to complete this work. It is my privilege to record my sincere and affectionate gratitude to my research supervisor.

I express my sincere thanks to Prof. G. H. Philip, (Head, Department of Biotechnology), Ret. Prof. K. Radhakrishnaiah, Dr. B. Srikanth, Assistant Professor, Department of Zoology, Sri Krishnadevaraya University, Anantapur for their helpful suggestions, cooperation endowed during my research.

I would like to thank UGC, BSR for financial support.

I owe heartedly thanks to Prof. Ramachandra mohan, B.O.S, Department of Zoology, Dr. M. Sreepriya, Lecturer in Biotechnology, Dept. of Microbiology & Biotechnology, Bangalore University, Bangalore.

I would like to thank Mr. Chanchal K Roy, faculty in Krupanidhi college of pharmacy, Bangalore.

I whole heartedly thankful to the G.Sudhakara, Mallaiah, Research scholars in Biochemistry Sri Krishnadevaraya University, Anantapur for their cheerful company, assistance and timely help during my research.

It is a pleasure to acknowledge the cheerful company and assistance of express my research colleagues B. Manjunath, Y. Amarnath Reddy, K. Pullanna, M. Pratap, G. Lakshmaiah, Sri. P. Ranganatham, Smt. D. Nalini, B. Anantha Kumari, V. N. Jayaram Naik, Raja Naik and my all other friends, K. Monika, Y. Padma, Dr. M. Siva Kumar, Dr. Eswar Reddy, Dr. D. Jagadish, Dr. Narayana Reddy, Dr. C.V. Prasad, Dr. K. Vara Prasad, G. Subba Reddy, Srinivasulu, Praveen, Dr. Naveen Babu, Bhimeshwaraiah, Yogi Prasad, Sri Krishnadevaraya University for their immense patience, cooperation and friendly nature during the course.
I would like to thank M. Naresh babu, Y.D. Imran Khan, Srikanth, Himakiran, Narasimhudu, Mallikarjuna M. Sc students, 2008-10 batch students.

I thank non-teaching staff of the Department of Zoology, N. Lakshman Rao, A. Anand Kumar, T. Prasad, and G. Mallikarjuna for their assistance.

I acknowledge the cooperation extended by my friends, P. Radha Krishna, G. Nagaraju, G. Rajendra Reddy, M. Siva Murthy, T. Chandrashekar Reddy, P. G. Kamalakar Reddy for their support and cooperation throughout this investigation.

I deeply thankful to my parents, Sri. G. Sivananda, Smt. G. Bhagyalakshmi, my beloved brother G. Maruthi Sivaram, Sis in-law Smt. G. Rajani, and My sisters Smt. K. Naga Jyothi, Smt. S. Padma, Smt. R. Sudha, Smt. M. Leela for their ever-lasting love, fine care, affection and support, without whose prayers and blessings my quest would have remained unfulfilled.

It would not be appropriate if I do not mention few individuals who have contributed my development. I wish to thank my great younger sister Dr. P. Siva Jyothi, her constant encouragement.

I would like to thank the people who helped me directly or indirectly in my research work and without them this thesis could not be materialized.

Finally, I bow my head to the god for showering his blessings, giving me the strength to reach this milestone in my life.

Any exclusion in this acknowledgement does not imply ingratitude.

.......... G. VENKATA NARAYANA
