### CHAPTER

1. THE EVOLUTION OF INDUSTRIAL ACTIVITIES : 5 - 15  
IN DURGAPUR AREA.-----

The History of the area before industrial development - How the Area was picked up for development programme - The Role of the state - SUMMARY - REFERENCES.

2. THE GROWTH INFLUENCING FACTORS OF : 16 - 29  
DURGAPUR INDUSTRIAL COMPLEX.-----

The Geo-historical Background - The industrial potentiality - The Availability of sufficient space and the related factors - The Proximity to the Raw Materials Bases - Availability of Commercial Transportation Facilities - Availability of Cheap Labour - Availability of Commercial Water - Prospect of Power - The Potentiality-utilisation of Durgapur Industrial Complex - SUMMARY -REFERENCES.

3. THE SYSTEM APPROACH OF THE STATE SPONSORED : 30 - 47  
INDUSTRIAL ACTIVITIES OF THE COMPLEX.-----

The Concept - The Approach in India -

Contd-----

The Spatial Characteristics - The Spatial Characteristics & the Industries of Durgapur - The Prospect of the Industries from National Point of view - SUMMARY - REFERENCES.

4. THE BIOGRAPHIC SURVEY OF THE : 48 - 109  
ENTERPRISES OF DURGAPUR COMPLEX.

The Scope - The Survey ; Durgapur Steel Plant - The Raw Materials of DSP - The Technical Background - The Plant Units - The Products Mix - The Performance of DSP - The Problems :- The Problems of Raw Materials - The Technical Problems - The Power Problems - The Maintenance Problems - The Labour Problems ; Mining & Allied Machinery Corporation : The Raw Materials - The Products - The Production - The Problems :- The Problems of Production - The Problems of Sales ; Alloy Steels Plant : The Technical Background - The Raw Materials - The Products - The Power - The Production - The Problems :- The Problems of Production - The Problems of Sales ; ACC-Babcock Limited : The Technical Background - The Raw Materials - The Power - The Production - The Problems ; Durgapur Projects Limited : The Technical Background - The Raw Materials - The Production - The Problems ; Hindustan Fertilisers Corporation Limited : The Technical Background - The Power - The Raw Materials - The Production - The Problems ; Durgapur Thermal Power Station : The Technical Background - The Raw Materials - The Generation - The Problems ; Bharat Ophthalmic Glass Limited : The Technical Background - The Raw Materials - The Power - The Production - The Problems ; Durgapur Chemicals Limited ;

Conted-----

The Technical Background - The Power - The Raw Materials - The Production - The Problems ;  
 Durgapur Cement Works : The Technical Background - The Raw Materials - The Production - The Problems ;  
 Sankey Wheels Limited : The Technical Background - The Raw Materials - The Power - The Production - The Problems ;  
 Philips Carbon Black Limited : The Technical Background - The Power - The Raw Materials - The Production - The Problems ;  
 The Graphite India Limited : The Technical Background - The Power - The Raw Materials - The Production - The Problems ;  
 Jessop & Co. Ltd. : The Technical Background - The Power - The Raw Materials - The Production - The Problems ;  
 Asiatic Oxygen Limited : The Technical Background - The Power - The Raw Materials - The Production - The Problems ;  
 Hein-Lehmann India Limited : The Technical Background - The Power - The Raw Materials - The Production - The Problems ;  
 Indo-American Electricals Works Ltd. : The Technical Background - The Power - The Raw Materials - The Production - The Problems ;  
 Durgapur Pharmaceuticals Works : The Raw Materials - The Production - The Problems ;  
 The Small Scale Enterprises : The Raw Materials - The Power - The Trend of Production - The Problems  
 - SUMMARY - REFERENCES -

5.

THE CASE STUDY.

: 110-139

The Approach - The Internal Railway System of Durgapur Steel Plant : The Structure - The objective - Loco Shed - Wagon Repair Shop -

Train Examination & Rerailment Section - Permanent  
Way Eng. Section - Slag Bank Operation Section -  
Traffic Operation Section - Durgapur Steel Exchange  
Yard ; Inward Traffic - Coal - Iron Ore - Lime  
Stone & Other Raw Materials - Other Materials Train-  
Furnace Oil Tanks ; Internal Traffic ; Outward  
Traffic - Collection of Empty Wagons - Loading of  
Wagons ; Pig Iron - Mill Products - Coke-Ovens  
Products ; Some Common Problems ; Loading & un-  
loading Jobs - Making over the Empty Wagons -  
Despatch of Loaded Wagons ; SUMMARY -REFERENCES.

6. THE PROBLEMS OF DURGAPUR COMPLEX : 140-158

The Base - The Problems ; The Power Shortage -  
The Labour Unrest - The Technical Problems -  
The Shortage of Spares - The Financial Problems  
- The Problems of Raw Materials - Miscellaneous  
Problems ; SUMMARY, REFERENCES.

7. THE PROSPECT OF DURGAPUR COMPLEX. : 159-185

The Proposition - The Prospect from the National  
Point of view - The Prospect from the Entrepre-  
neurial Point of view ; The Basic Industries -  
The Iron & Steel Industry - The Power Industry -  
The Coal-based Industry - Other Basic Industries,  
The Heavy Engineering Industry ; The Small Scale  
Industries ; SUMMARY , REFERENCES.

8. THE SUMMARY & CONCLUSION : 186 - 194

SELECTED BIBLIOGRAPHY : 195 - 202.

ANNEXURES : 203 - 250.
